Chamber has plan to boost tourism

The local Chamber of Commerce has asked Haliburton County council for a 1985 grant of \$46,970, an amount significantly less than the Chamber has sought in previous years.

Total estimated budget for the Chamber this year is \$117,970, including \$71,000 for marketing and \$46,970 for administration. The shortfall after the county grant, and anticipated membership revenue of

\$20,000 will be met with advertising revenue from various Chamber programs and publications.

Chamber president Ken Langdon, who presented a brief to council last Wednesday, said he is enthusiastic about the Chamber's progress in recent months. He said the 1985/86 market plan developed by the Chamber reflects an aggressive approach and "provides a new direction for the organization".

A major step in the Chamber's effort to get back on its feet after a number of setbacks has been the construction of a new office building on Highway 35 at the Minden by-pass. Funding for the building has come from county council and from member donations.

Langdon said the Chamber will concentrate its marketing efforts in the coming on reaching convention planners and "travel influencers" such as travel agents and travel writers, as well as the general public.

He said the new emphasis reflects concerns expressed last fall by council's management committee, which said the Chamber should not direct advertising to local residents but rather should reach out to the travelling public and travel planners.

Langdon said a market place show in Toronto attended by Chamber representatives produced 60 convention leads. Some 2500 people are expected to attend an event planned for Stanhope Township in June, and a 3000-man convention will come to Haliburton in June, 1986, he said.

As well as continuing with programs that proved successful last year, the 1985/86 market plan includes a redesigned Haliburton regional guide supplied by the Central Ontario Travel Association, a commercial and trades guide to be produced by the Chamber, familiarization tours for people involved in the travel industry, artisan tours, more television advertising, a summer and fall brochure with an accommodation guide, and a new Haliburton winter book.

LEAD project to commence

The search has begun for a person to head the planning phase of Haliburton County's Local Employment Assistance and Development (LEAD) project.

Announcement that the county has been targeted for a maximum of \$1.5 million in assistance under the program came last week in a joint release from the Haliburton Highlands Chamber of Commerce, which co-ordinated the application process, and Employment and Immigration Canada, which funds it. Some \$38,000 in federal funding has been earmarked for an initial planning phase to determine the type of assistance that will be offered to the area under the LEAD program. A 17-member volunteer board also will be formed to administer funding through a LEAD corporation.

The corporation is expected to provide counselling services and technical assistance to help establish or expand local businesses. It will also receive up to \$220,000 a year for five years to invest in or make loans to local businesses.

Gary Dedauw, a spokesman for Employment and Immigration Canada who attended a meeting of county council last Wednesday to outline the program, said a LEAD corporation "puts business money in the hands of business people in your community".

The corporation can loan up to \$25,000 to area businesses at "no less than the prevailing interest rate," Dedauw said, although the terms of the loan can be varied by the corporation.

The corporation may also choose to take an equity position in some businesses, Dedauw said.

The aim of the corporation is not to pump money into high risk ventures, he said, but to help businesses create new and permanent jobs in the area.

Once the planning phase slated to get underway February 1 is completed, work will get underway on an operating plan to spell out how a local LEAD corporation can use the federal funding.

Up to \$130,000 a year will be available to administer the program, although the cost is expected to be less.

"There's a lot of competition for these corporations," Dedauw told county council. He praised Chamber of Commerce manager Emily Skinner for her work in completing the project application.

"The document was approved with no questions asked," Dedauw said.

Skyline Bonspiel winners...

Skip Jim Scheffee talks over a crucial shot with the other members of his rink: Scott LaRue, Jack Brohm and Art Dawson during the championship match of

the Skyline Bonspiel Sunday afternoon. The Scheffee rink captured top honours from a Peterborough rink. For more on the spiel, see page 6.

Minden gets set for carnival

With typical winter weather expected to prevail throughout the coming weekend, Minden's Kinsmen club is gearing up to host what promises to be a busy and successful three days of winter carnival activities.

The carnival gets underway on Friday afternoon when the first rocks are thrown in the weekend-long curling bonspiel. Judging of the carnival queen contest is slated to take place at 5:30 p.m. and the crowning is scheduled for 8:30

p.m., following a presentation by the Minden Figure Skating Club and opening ceremonies in the arena.

Winding up the night's activities will be an all-star hockey game between Minden's Juvenile team and Fenelon Falls.

Leading off Saturday's events is the 100-kilometre snowmobile ride to support the Easter Seals Society. At 8 a.m. play begins in a Midget hockey tournament, and the carnival bonspiel resumes.

At 10 a.m. the first racers will test their driving skills on an ice track at the fairgrounds. The races will continue throughout the weekend, and a number of local entries are expected to join enthusiasts from other areas in the wild and woolly action on the track.

The carnival parade is slated to make its way down main street beginning at about noon hour. The theme of this year's parade is 'Lumbertown'.

No cross snowmobile races also are planned, and they will begin at about noon adjacent to the community arena.

At one p.m. there will be a hat auction at the Crowes Nest lounge upstairs in the arena, with Norm Mills handling the bids.

A variety of outdoor events also are planned for the early afternoon, including pole climbing, log sawing and a tug-of-war.

At 2 p.m. there will be wrist wrestling competition at the Crowes Nest lounge with a number of prizes up for grabs.

From 5 p.m. to 7 p.m., carnival participants can satisfy their appetites with a roast beef dinner at Zion United Church in Carnarvon. Cost is \$7 for adults and \$4 for children under 12.

Rounding out the day's activities are a dance at the Crowes Nest featuring the Misty River Ramblers and a hockey game at the arena with the CFGM Bulls shooters taking on Minden minor hockey officials.

Sunday morning there will be free public skating at the arena, and a pancake breakfast in the auditorium beginning at 9 a.m.

Curling and car racing also

Snowaramas go Saturday

Trail conditions should be excellent for snowmobilers taking part in this year's Snowarama rides in Haliburton and Minden.

The Haliburton ride will be held at the Haliburton Forest and Wildlife Reserve near Kennis Lake. Registration will take place between 8:30 and 9:30 a.m. Participants will be entitled to a fill-up of gasoline and oil courtesy of Imperial Oil and local agent Giles Connelly. The 100 kilometre route is well marked and avoids lake crossings. Riders will be served lunch at the half-way point.

In Minden riders will leave from the arena and follow a scenic route that passes over two of the highest points in the county. Minden Snowarama participants also will get a free gas and oil fill-up courtesy of Imperial Oil and local service station owner John Bath.

Pledge sheets for the ride are available from merchants in both communities, and from members of the sponsoring Rotary Clubs. The Haliburton club will supply a prize to the rider who brings in the most pre-paid pledges on Saturday morning.

County backs bid to change rules

Haliburton County council has voted to support a Simcoe County township which wants the province to give livestock and poultry producers the right to shoot dogs running loose on their property.

The Township of Adjala circulated a resolution calling for the change after a sheep producer was convicted of a Criminal Code offense for shooting a dog which had been harassing his sheep. The original Simcoe County court decision was upheld in a subsequent appeal.

The Adjala resolution has drawn a mixed reaction from local councils, and it brought a similar response at the county council table.

Anson, Hindon and Minden reeve Lyle McKnight noted that his council had voted not to support the resolution, since a change in the legislation might give farmers the right to shoot any dog which sets foot on their property, even if the dog is not threatening livestock.

Sherborne et al deputy reeve Don Shortreed agreed with the Minden reeve's comments. Shortreed said he "would hate to see" a change in legislation "declare open season on any dog that runs into a person's yard".

Snowdon deputy reeve Dwain Wruth argued in favour of the Adjala resolution, noting that a law permitting farmers to shoot dogs that harass their livestock already exists. He said the controversy is not over the existence of an appropriate law, but over the Simcoe County Court judge's interpretation of it.

When the matter was put to a vote, a majority of county councillors supported the Adjala resolution. Notice of that support will be sent to provincial authorities.

Fact finder to meet board, teachers

Report will analyze negotiations, may recommend a settlement

Ontario's Education Relations Commission has appointed Ms. C. A. Torry of Toronto to act as Fact Finder in negotiations between the Haliburton County Board of Education and its secondary school teachers.

Torry will consider the facts of negotiations that have taken place since last January and write a report setting out which matters have been agreed on and which matters remain in dispute. The report may also contain recommendations for settlement.

The secondary school teachers have been working without a contract since September 1. Negotiations reached a stalemate in November and the two sides agreed to seek outside help.

Torry will have 30 days to complete her report and make it available to the board and teachers. The report remains confidential for

15 days. If a settlement still has not been reached, the report is made public.

A further 30-day cooling off period is required before a strike or lockout can occur. Before either action becomes legal, teachers must vote by secret ballot on the board's last offer, and on whether to take strike action.

Both sides may also choose to accept voluntary arbitration or final offer selection.

Torry received a law degree from the University of Ottawa in 1981, and also graduated from the University of Guelph in 1977.

Her previous fact finding experience includes an appointment as assistant fact finder, and attendance at a number of workshops sponsored by the Education Relations Commission on the negotiation process and techniques of dispute resolution.

C.A. Torry

Police News

Occurrences

During the period January 14 to 20, personnel at Minden detachment investigated the following occurrences: 3 motor vehicle accidents with no injuries; and 38 general occurrences including four thefts and two break and enters.

Preliminary Trial

The date for the preliminary trial of Paul Crofts, charged with two counts of attempted murder plus five other related charges, has been set for March 20, 1985, in Lindsay. Crofts was involved in an incident in Haliburton last summer in which two OPP officers were wounded.

Snowmobiles

A snowmobile was driven into the river in Minden on Sunday but other than the name of the driver, police say they have no other information. No injuries were reported. The detachment's snowmobile patrol reports that all lakes are very slushy with only about four inches of sounc ice beneath and probably a lot less in other places.

Stanhope council

At a meeting of Stanhope Township council January 9, the following matters were considered:

Council approve of shoreline alterations proposed by Barbara Brooks subject to the Ministry of Natural Resources revisions to the original proposal.

Council approved of sending the building inspector to the training session "The Inspector and the House". The township will be responsible for tuition and out of pocket expenses.

Council agreed in principle with a proposal by W. James Moore to stop up, close and convey a portion of original allowance for road on part Lot 13, between Concession 4 and 5, Stanhope, as outlined in a sketch attached to his letter dated December 27, 1984. This approval is subject to a mutually agreeable purchase price for the property and Moore being responsible for all costs related to the road closing by-law including legal, survey, administration. The approval is also subject to the abutting property owner to the south waiving his/her right to the 33 feet of allowance adjacent to his/her property.

Council agreed in principle with a proposal by Daniela Thomas to rezone property on part Lot 26, Concession 5, from SR and RU to commercial for the purposes of establishing a small resort with related facilities. The clerk was directed to obtain a draft by-law for the proposal.

The clerk was authorized to advertise for tender for the 1985 supply and delivery of diesel fuel and furnace oil required by the township. Tenders will close February 5, 1985 and the lowest or any tender will not necessarily be accepted.

Council supported a resolution passed by the Township of Adjala regarding proposed provincial legislation for livestock and poultry producers, in the protection

of their animals from dogs not under proper control.

Harry Davis was authorized to attend the ROMA Convention to be held February 3, 1985 - February 6, 1985 and the municipal policy convention expenditures is to apply.

Council authorized the CHACE organization to enclose an information pamphlet to all residents in the 1985 Interim Tax Notice.

Council requested from the Ministry of Municipal Affairs and Housing approval for an extension of submission of a comprehensive zoning by-law to September 15, 1985.

Council agreed not to accept any tender submitted by 5 p.m. January 8, 1985 for property described as parts 3, 4, 6 and 7, Plan 19R-2463.

Council accepted the tender of Grenville Stamp for three riverfront lots on part Lot 29, Concession 5, Township of Stanhope for \$13,100, as advertised for sale in the Haliburton County Echo and Minden Times.

Mrs. Ann Barker was appointed council representative on the landfill and sanitation department.

Elvin Johnson and Elgin Stouffer were appointed as council representatives on the fire department committee for the term ending December 1, 1985.

Council as a whole, the road superintendent and the clerk were appointed as a roads committee for the period ending December 31, 1985.

Harry Davis, Ann Barker and Gerald Bain were appointed to the Stanhope correspondence committee for the term ending December 1, 1985.

Eleanor Harrison and Bill Cowen were appointed to the Stanhope board of management for the term ending December 31, 1985 or until a new board is appointed.

Please turn to Page 13

County backs improvements

County council has given 'moral support' to improvements proposed for Stanhope airport although the planned changes have never been discussed at the county council table.

Stanhope reeve Harry Davis asked council last Wednesday to pass a resolution in support of suggested improvements outlined in a study completed for the township by Marshall, Macklin and Monaghan,

a consulting firm.

Minden deputy reeve Ed Pergolas was the only county councillor to point out that he had no knowledge of the proposed improvements.

When the matter was put to a vote, council endorsed it unanimously on the understanding that no portion of the cost of any work carried out at the airport would come from county coffers.

Stock clerk hired for County Roads

A full-time stock clerk will be hired to work out of Haliburton County Roads Department's Ingoldsby yard. County council approved the new position at a meeting last Thursday.

Engineer Bill Obee said the individual will be responsible for about \$100,000 worth of parts and materials in the roads department inventory. Other duties also will be assigned, Obee indicated.

Minden reeve Lyle McKnight, a

member of the road committee, said the need for a stock clerk had been discussed "quite thoroughly" by the committee, and it was concluded that money might be saved by through careful control of material buying.

In response to a question from Monmouth deputy reeve Harry Clark, the county engineer assured council that an additional pick-up truck would not have to be purchased for the stock clerk.

Home Support asks county to continue grant

Haliburton County's Home Support Services organization has made its annual appeal for county grant.

Addressing council's January session last Thursday, spokesman Victoria Agnes said the organization has grown dramatically, from a core of 20 volunteers five years ago to its present compliment of 550 volunteers.

Major activities of the Home Support Service include meals on wheels in several communities, a transportation service using volun-

teer drivers, phone-a-friend to provide contact for shut-ins, and a home help program that enables seniors to obtain the services of volunteer handymen at lost cost.

Half of the organization's annual budget comes from the provincial Ministry of Community and Social Services, while the rest must come from local service clubs and municipalities, Agnew said in her brief to council.

Council's management committee will consider the request in its budget deliberations.

Cardiff council

A regular meeting of Cardiff Township council was held on January 4 and the following matters were considered:

In attendance and addressing council were from the Crowe Valley Conservation Authority: George McKie, chairman; Mary Courneyea, secretary-treasurer; Randy Vilneff, senior resources manager; William Davis, municipal representative.

Ratepayers: Peter Scott, Eel's Lake and Louis Gyor, Camp Can-Ski.

Township of Bicroft: reeve Bill Howe and delegation.

Township of Faraday: reeve Douglas Meeks and delegation.

It was resolved that a letter from Peter Scott be included in the council minutes. Recorded vote: yeas: Mack Peters, Debbie Donaldson, Paul Slighte, John Irwin. Nays: Ross Duncan. The resolution was carried by three votes.

Peter Scott read the following letter to council and requested that same be incorporated in the minutes of the meeting: Mr. Chairman: I would ask that this letter be included "verbatim" in the minutes of this meeting. There have been a lot of accusations lately in regards to the "Conflict of Interest" act. As an elector, and with

these accusations in mind, I decided to check the minutes of the council meeting held over the past year. Upon reviewing these minutes I discovered what appears to be (albeit in my mind) yet another "Conflict of Interest". I refer to the minutes of the regular meeting held on July 6, 1984, where resolution 110/84 was a motion that was seconded by the deputy-reeve, Ross Duncan. Duncan seconded a motion whereby a raffle licence was to be issued to the Paudash Conservation Association. As has been recorded previously, Ross Duncan, at the very least is a member of that association and therefore is in "Conflict" as I understand the act.

I would advise council that I am seeking legal advice on this matter with the possibility of formally laying charges under the "Conflict of Interest" Act against Duncan. I will not be as presumptuous or crude as William Davis of the Paudash Lake Conservation Association in asking the reeve to request the resignation of the deputy reeve but it is something he himself may wish to consider.

I would also point out that the deputy-reeve appears to pride himself on his financial knowledge, if the newspaper

articles and minutes are to be believed and is in fact on the finance committee for this council. If this is so, why then has he missed special budget meetings when they were called? It would seem to me that these meetings which are extremely important to the taxpayers, should have had Duncan's "expertise" to fall back on.

Mr. Reeve, and members of council, as a taxpayer, I am concerned with the manner that council carries out its responsibilities to the electors. However, it seems to me that some members of this council are failing in this matter and are not meeting the responsibilities to all taxpayers on a fair and equitable basis.

Council accepted payment of \$4,525 in post-dated cheques from Marvin Townsend for purchase of timber he removed from municipal land Part Lot 17, Concession 22, Township of Cardiff.

Council is not prepared to refund my interest or penalty to Walter Babor regarding his letter of November 17, 1984.

Council endorsed the concerns expressed by The Ontario Good Roads Association respecting the inadequacy of the funds made available by the government of Ontario

This Week

Ivan Hunter, at left centre, presided as 'reeve for a day' in Glamorgan Township on Saturday as part of Glamorgan's effort to mark Local Government Week in Ontario. Joining the reeve-designate at a brunch in the community centre are, from left, Victoria Agnew, Julie Hunter,

Mrs. Ivan Hunter, reeve Bob McCausland, County Warden Dalton MacDonald, and former reeve Ken Maguire. The occasion also included presentations of awards to people who helped out with Bicentennial activities.

Glamorgan gets 'reeve for a day'

By PAT BARON

Local Government Week, January 14 - 19 is designed to motivate awareness and interest in government at the municipal level. To this end, all Gooderham area residents received invitations to be guests of Glamorgan Township Council for the "Reeve's Brunch" held at the Community Centre on Saturday, January 19.

The response was encouraging. At 11 a.m. on Saturday morning, 72 interested citizens enjoyed fruit punch, scrambled eggs, sausage, ham, toast, dessert and coffee. After breakfast, Dallyn Pickens was the master of ceremonies for a short program.

Rev. Sauve asked the blessing. Reeve Robert McCausland introduced the head table. Warden Dalton MacDonald brought greetings from County Council and was presented with a Glamorgan Township pin.

Dallyn Pickens pointed out that "just to be fair,

this township has a female reeve about once every hundred years." Vicky Agnew reminisced about her experiences as the only "lady reeve" in the history of the township.

"Reeve for a Day", Ivan Hunter spoke about the cooperation he had from his council when he served as reeve in 1953 - 1955. Elva Bates read the minutes of Ivan Hunter's first meeting as reeve.

The Hunter family have a long history of service to local government. Ivan Hunter's grandfather was reeve in 1877 - 1880 and 1904 after many years on council.

Former reeve Ken Maguire spoke briefly, paying tribute to the late Robert Fotheringham and a few moments of silence were observed in honour of his dedicated service to the community.

But the highlight of the morning's activities was provided by local school trustee, Julie Hunter. She had asked the children of Gooderham School to write their ideas of what

local government means and what is a reeve. Total hilarity prevailed as she read these definitions. Besides being aware of the many services provided such as housing permits and road work, the children also mentioned it is where you go to "get a job" and to "get your bills paid". The reeve was delighted to hear that he is a "good man" and that he is everything to his constituents from "dog catcher" to "priest". Bob McCausland will be a busy man living up to all these ideals in this election year 1985.

It was a hard act to follow, but last on the program the "Local Government Awards" were presented by the reeve to many deserving citizens who provide services to the community. It was an opportunity for the township to show its appreciation to these people with a certificate and a round of applause for their efforts.

All in all the reeve's brunch was a success.

Property swindles bring jail sentences

A Toronto man who orchestrated a million dollar vacation property swindle in Haliburton, Muskoka and the Kawartha has been sentenced, in absentia, to three years and six months in prison after pleading guilty earlier to a charge of conspiracy to defraud the public.

Tomas Reinis, 28, formerly of Downsview, failed to appear in provincial court on January 11 for sentencing. He had been free on \$12,000 bail since the conclusion of a preliminary trial in November, 1984 at which he and two other men each pleaded guilty to a charge of conspiracy to defraud the public.

Gerald Clarke, 32, of Oakville, a manager and sales agent with companies operated by Reinis, was sentenced to nine months in jail and fined \$5,000 after pleading guilty to a charge of conspiracy to defraud the public.

Michael Kennedy, 30, of Scarborough, a sales agent working for Reinis, was sentenced to nine months in jail after pleading guilty to an identical charge.

A warrant of committal has been issued for Reinis and he could face further charges as a result of his failure to appear and breach of bail while at large.

Reinis was the director of four companies which lured people into buying or placing deposits of between \$500 and \$1,000 on marginal or worthless land in the Muskoka, Haliburton and Kawartha areas, by showing them quality vacation property which was misrepresented as the land for sale.

In other cases, purchasers were led to believe there was easy road access to the property they were buying or that building permits were readily available when in fact the property was often landlocked or construction was prohibited by local zoning.

During the three-week preliminary trial in the fall of 1984, more than 30 victims testified to buying land they were not shown or could not use. Loss to consumers is estimated at more than \$1 million. Many victims lost their life savings or committed themselves for years to come to paying mortgages on worthless property.

The companies owned by Reinis operated out of offices in Metropolitan Toronto and used advertisements in the classified section of local Toronto papers to attract their victims.

To obtain land, Reinis, or his associates, would scan local real estate listings in vacation areas, looking for inexpensive property which they would purchase once they had a prospective buyer in Toronto.

Before being shown properties in vacation areas, victims were often required to make a cash deposit and after seeing a certain property were confronted with a hard sell and urged to buy immediately. Victims were often encouraged to use an in-house lawyer, recommended by the company, to save time and money.

Complaints from a number of

Victims lured to buy worthless property

people who felt they had been bilked by the land sales operation led to a year-long, joint investigation by the Ministry of Consumer and Commercial Relations and Metropolitan Toronto Police. That investigation resulted in 24 fraud charges being laid against Reinis, Kennedy, Clarke and the four companies in September, 1983. Additional charges were laid in April, 1984. All but the conspiracy to defraud the public charges were withdrawn when the three accused elected to plead guilty at the conclusion of the preliminary trial.

The Ministry of Consumer and Commercial Relations and Metro Toronto Police are continuing to investigate between 20 and 30 other companies suspected of operating similar vacation property swindles. Consumers are warned to be extremely cautious in their dealings with unregistered land sales agents.

Former Echo editor dies at age 82

Funeral services were held Saturday for a former editor and owner of the Haliburton County Echo. Berkeley Best Poucher Feir died Thursday in Haliburton after a long illness. He was 82.

Berkeley Feir was born at Cambray, Ontario on July 23, 1902. He moved to Haliburton as a young boy when his father, H.B. Feir, was transferred to the community as a mail clerk on the CNR train from Lindsay to Haliburton.

Berkeley Feir received his education in Haliburton and later joined the Bank of Montreal. His work took him to many towns in Ontario and Quebec, including Trenton, Brantford and Fenelon Falls. After leaving the bank he took a barbering course at Toronto Barber School.

He returned to Haliburton and went to work for W. R. Curry who operated a pool room and barber shop on a site now occupied by the Old Country House Restaurant. He later bought the building and business and also became the local motor

vehicle licensing agent.

In 1950 Berkeley Feir, along with his son Creighton, joined with Walter Noice to purchase the Minden Echo and Haliburton Recorder from Mrs. Loyola Webster. The paper continued to be published in Minden until January 10, 1952 when the business was moved to Haliburton and established in the building formerly used as a pool room. The name of the paper was changed to the Haliburton County Echo.

Berkeley Feir and Creighton Feir purchased Walter Noice's shares when he was unable to participate in the business due to ill health. Berkeley Feir served as editor of the paper until he suffered a stroke in the early 1970's. He entered Extensicare/Haliburton in 1975 and was a resident there until his death last Thursday.

The late Berkeley Feir had a life-long interest in community affairs and spent much of his time and energy as editor of the Echo, trying to improve the living conditions of residents of

Haliburton village and the county. He was a keen student of politics and an active supporter of the Liberal Party. He also served one term on Dysart et al council.

He was a member of Haliburton United Church, serving as a member of the choir, a member of the board of stewards, and for 33 years as secretary-treasurer of the church Sunday school.

Another of his loves was the world of sports. He coached the Haliburton Black Hawks and was a member of the management committee of the Haliburton Huskies in the days when the team was a local institution and won a number of trophies at hockey tournaments throughout the area. He was one of the original members of the Glen Dart Memorial hockey tournament committee and served on it for many years.

Music also played an important role in his life. He spent countless hours playing trumpet in the Haliburton Citizens Band.

The late Berkeley Feir was known as a man with a lively sense of humour and an abiding

Berkeley Feir

interest in the community and its people.

He is survived by his son Creighton, daughter-in-law Helen, grandchildren Cathy, Wendy and Derek and brother Cyril. His wife Gertrude predeceased him.

Rev. John James of Haliburton United Church officiated at the funeral service.

Spring interment is planned at Evergreen Cemetery in Haliburton.

County library seeks increase

Haliburton County's public library system has asked Haliburton County council to increase its grant by a little over \$4,000 this year, to \$57,553. The grant from the county represents about one-third of the library's total estimated 1985 budget of \$143,553, with the balance to be made up of an estimated \$81,000 grant from the province and miscellaneous income of \$5,000.

The request was contained in a financial statement presented to county council last Wednesday by library secretary Mary Packard.

Haliburton County's public library has branches in all 10 municipalities. A total of more than 81,000 books, tapes and films were borrowed from the various local libraries in 1984 according to the report presented last Wednesday.

During the past year, the system's total holdings increased to 31,314 books, films and tapes, including 9,436 works of adult fiction, 6,858 juvenile fiction books,

10,046 adult non-fiction books, and 4,940 juvenile non-fiction books.

The library also owns 555 films and 48 talking books.

Some 850 new members were signed up in 1984, according to the year-end report.

Carnival set

from page 1

resume Sunday morning. Highlight of the day will be the Minden Figure Skating Club's annual carnival on the theme 'A Modern Adventure to Oz', featuring guest skater Teena Bullen of Orillia.

Rounding out the carnival is a chicken-eating contest at the Crowes Nest sponsored by Dixie Lee.

All in all it promises to be a busy and enjoyable weekend for the whole family, with something to provide enjoyment for every taste.

Reaching out

Seldom do people who contribute money to charitable projects see direct evidence of the good that comes from their generosity, and that is especially true with projects directed to Third World countries. Even in such desperate circumstances as the famine in Ethiopia, there is cause to worry that some money and food aid never finds its way to the people who need it most. It is heartening then, to learn that money raised by the local Help A Village Effort (HAVE) committee is being put to work in the way that it was intended -- to create and improve wells. Committee representative Gerry Feltham of Ingoldsby recently spent two and a half months travelling throughout India and Sri Lanka at his own expense to see first-hand how HAVE funds can best be used. So far, some \$5000 has been used for four wells, and a further \$6000 is available to finance wells in various villages of Warangal District in Andhra Pradesh. The importance of these projects is hard to understand when clean, disease-free water is as close as your kitchen faucet, and when you're surrounded by hundreds of fresh-water lakes. But without a reliable supply of safe drinking water, there is no hope that people can work to improve their own lives. A tractor or plow is useless to a farmer whose body is weakened by cholera or dysentery. School books cannot impart knowledge to children who must spend hours each day carrying water in battered tin cans from far away communal wells.

Even if you believe that only the will and determination of Third World people can solve Third World problems, there is good reason to support the HAVE committee's efforts. By making clean water its priority, the committee is helping to ensure that Indian villagers will have the strength and good health without which no real progress toward a better life can ever be made.

Through the HAVE committee local people have reached out to their fellow men in a meaningful and generous way. May that spirit of concern continue.

Moving ahead

The Chamber of Commerce appears to be in a buoyant mood these days, and it seems to have a number of reasons for feeling good about itself. After a long period of turmoil, doubt and controversy the Chamber is, in the words of its president Ken Langdon, "on a roll".

At least three signs point to a brighter future for the Chamber. Firstly, and most obviously, it has a new office building to replace the shabby structure it occupied for so many years. The fact that the new office was built is itself an indication of a renewed spirit of cooperation among the Chamber board, individual members and Haliburton County council, who provided most of the money for the structure.

A second and perhaps even more important sign of the Chamber's new vitality is its success in securing a local employment assistance project for the area. More than any other program that has been directed to the area in recent years, the LEAP scheme holds promise of creating new and permanent jobs.

Thirdly, the Chamber has come up with a new approach to marketing the area, an approach directed not at area residents and cottagers but at the people who influence travel - travel agents, travel writers and convention planners. And, surprisingly, it plans to do a better job at a lower cost.

These three signs of a revitalized Chamber of Commerce are worth noting, but it also important to emphasize that the long-term success of the Chamber will depend on how willing local people are to support it.

Letters to the Editor

To the Editor:

I am working on a Thompson family tree and wondered if you might publish this letter to aid in obtaining information.

The original settler was a Hector Thompson (Thomson) down in Northfield, Ontario, just north of Cornwall.

He arrived about 1823 from Ireland and was married three times with 19 children. His last wife was Nancy McBride.

Harvey, a son by a second marriage, married Eliza ---, and was a hotel keeper in Bobcaygeon when he sold the homestead in Northfield, Ontario in 1893. I learned the Thompsons also lived in Minden and Haliburton, also operating hotels.

James, a son of Hector by his last marriage, operated a hotel in Bobcaygeon and was married to Tina ---. He died about 1912. They had two girls, Hazel and Del. Hazel married a Mr. Hirons.

Ezra, a brother of Jim Thompson, moved up in the Minden area in 1898 and returned to Northfield in 1913. Ezra has a son Lloyd who was born there in 1906.

Any help on possible descendants of Harvey and Jim Thompson, history books of the area with might give accounts of the hotels, Thompsons, etc. would be greatly appreciated!

Yours truly,
Ronald McIntyre,
1335A Meadowslands Dr.,
Nepean, Ontario

Notebook

by Len Pizzev

An odd feeling came over me this week when I sat down to type out an obituary on Berkeley Feir, the former owner and editor of the Haliburton County Echo who died last Thursday at the age of 82. Although I met and spoke with him one day in 1978, he was by then a resident of Extensicare/Haliburton and unable to take an active part in the community. My impression of Berkeley Feir is hence a fleeting one, and yet I feel I know something about him, if only because I do the job he once did, and no doubt face the same pressures and frustrations, and take the same risks with words and ideas that he once took.

The Haliburton County Echo has changed a great deal since the early 1950's when Berkeley Feir, Creighton Feir and Walter Noice bought it from a previous owner. It was published in Minden in those days, but in 1952, it was moved to a building on Haliburton's main street that was still standing when I first came to Haliburton seven years ago, although the newspaper had by then been sold by John Zylstra and was housed in its present offices below the Bank of Commerce. The Echo that Berkeley Feir edited was produced by the labour intensive, letterpress method. Words were formed on pieces of molten lead in a linotype machine, and headlines were set, letter by letter, into heavy steel frames that were

attached to a clanking, hand-fed press. It took at least as much time to compose and print the newspaper as it did to gather and write the news.

Today, the Echo is both easier and harder to produce. It is no longer printed in Haliburton, and electronically produced 'cold type' has greatly simplified the process of turning words and pictures into a finished newspaper page ready to be transferred to newsprint at the Muskoka Web printing plant in Bracebridge.

But the newspaper's reach has expanded beyond Haliburton village to the county as a whole. Political issues are increasingly complex, and the demands of gathering the news, writing the stories, taking the pictures and assembling them into the finished newspaper grow as the community thrives and expands.

And yet the fundamental aims of the Echo are not different today than they were when Berkeley Feir was the paper's editor. He cared about the community in which he lived and did his best to make it a better place. He wasn't afraid to risk the anger and criticism of those who see only good where there is also bad, only right where there is also wrong. Through editing the Echo he must have discovered, as I have, that though nothing really changes very much, it is better to have tried to speak the truth than to have said nothing at all.

Feir Play

Creighton Feir

Get your coat and get your hat and leave your worries on the door step and head down to Minden this weekend, Friday, Saturday and Sunday, January 25, 26 and 27 for the annual Minden Kinsmen Winter Carnival. What a time it is going to be, many new features and attractions on the programme and the Minden Kinsmen are predicting that it will be one of the best and biggest in the history of the Minden Winter Carnival. A general theme in this year's carnival will be "Lumbertown 1985" and this theme will be used to help participants come up with ideas for floats and entries in the parade which will be held at noon on Saturday. We understand that strict adherence to the theme is not meant to limit the creativity of any group or person who has an idea and intends to participate. As the big weekend draws near carnival fever is running very high with the citizens of Minden and surrounding area who have been waiting all year long for this big winter attraction. Included in the many new attractions this year will be a Snocross race on Ontario's only natural terrain, all snow track. This will be your opportunity to see the hottest Snocross racers in North America racing for the \$1,500 guaranteed Snocross purse. Another great attraction will be the three-wheeler racing, sideways in the snow. Other events on tap will be a curling bonspiel, outdoor activities, figure skating, hat auction, chicken eating contest, wrist wrestling, dances, roast beef dinner, pancake breakfast, Carnival Queen contest, snowarama, public skating, parade, midget hockey tournament, ice sculpture and much, much more. It all adds up to a weekend that promises to supply plenty of good old-time winter fun and frolic. Why not plan to make it a date and take along the entire family for the big weekend in Minden.

It seems to me that every now and then all of us like to take the opportunity to hand out some advice whether it be good or bad. I realize that I am one person who enjoys nothing better than to give my opinion on certain matters if I think that it is good constructive criticism. Sometimes writing this column in the paper and handing out these little gems of wisdom whether they be right or wrong has been known to land me in hot water. I realize that if I am going to have some strong opinions on certain matters then I must be ready to handle the criticism that might be headed my way. In other words, I must adhere to that old saying, "if you can't stand the heat, then get out of the kitchen". In future columns I hope to have my say on different topics and if you don't agree with my viewpoint then let me know about it.

This coming weekend will be a busy one for the sports fans, participants, onlookers and those interested in politics. Let's just pause for a moment and run down some of the many attractions on tap this coming Friday, Saturday and Sunday. Heading the list will be annual Minden Kinsmen Winter Carnival with plenty of activities during the entire weekend. On Saturday, January 26 it will be Timmy's Snowarama for Easter Seals with two separate rides, one being sponsored by the Rotary Club of Minden and the other by the Rotary Club of Haliburton. The Minden ride, 100 mile or 100 km., will take off from the Minden arena with starting time at 7:00 a.m. The Haliburton ride will once again take place at the Haliburton Forest and Wildlife Reserve which is located on the Kennis Lake Road about 25 miles north of the village of Haliburton. We understand that the trails for the ride are placed in some of the most beautiful parts of Haliburton County and will be in top condition and properly groomed.

A few weeks ago we received a letter from Lavina Beck Freece of 10 Mays Avenue, Hornell, New York. She was quite interested in a Pic of the Past we ran recently which featured a photo showing a group of people on a fishing trip somewhere in the woods in Haliburton County. Mrs. Freece said that she found the photo of great interest since the young lady in the straw hat was her mother, Lucy MacBrien. She married Captain J. Henry Beck, of the Salvation Army in Haliburton, in March 1913. She went on to say in the letter that she visited Haliburton a few years ago and was delighted to find her mother's name embroidered on one of the square of a quilt in the museum. She said that she also discovered one of the chairs from her Uncle Harry's ice cream parlor among the antiques in the house adjoining the museum. Harry MacBrien's bakery and ice cream parlor was located in the store which is now a lovely gift shop. We understand that Mildred MacBrien, Harry's widow, lives in Sunset Manor, Collingwood. She is still alert, although past 90 years of age. She would be happy to hear from any of our readers who might remember her in Haliburton.

Many of our citizens from Haliburton County are spending their annual vacations in the sunny south or in other parts of the country.

According to the latest newsletter from the Haliburton County Snowmobile Association all the bridges in their network of trails are in fine working order. There are a few crossings of beaver ponds which the association is trying to deal with but fluctuating water levels and the beavers themselves working against them is making things much more difficult.

Viewpoint

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 5

Pic of the Past

This is a photo of the old Minden Community Centre which was located in the downtown area where the new municipal building now stands. This picture of the arena in June of 1961 will bring

back many memories to people who can recall the great hockey teams and hockey players from the Minden area who performed in this building. In later years the old arena, which was starting to show its age, was replaced by a new facility at the Minden Fairgrounds. This modern building with a beautiful ice surface, spacious seating capacity and large auditorium will be one of the focal points this weekend when the Minden Kinsmen will hold their annual winter carnival.

From the Chamber

The Haliburton Regional Guide, published each year by Central Ontario Travel for the Chamber of Commerce, will have a new look this year. The guide has been completely redesigned with emphasis on tourism marketing. A three-year marketing strategy was designed to reorganize the listing format, and to reflect the types of activities which travellers and travel influences request. This change will be reflected in this year's guide.

In the second year, the information gathered on available facilities will be used to aggressively compete for group motor coach business in the area. Sample and circle tours will be developed after an indepth analysis of the tourism plant is completed.

In the third year, a group tour manual in the form of a wraparound to the guide will be added.

Since our regional guide concentrates on the tourism aspect of our marketing thrust, we will introduce a new marketing tool for members of the Chamber not directly involved in tourism, "The Haliburton Highlands Trade and Professional Guide" will be added to our regional guide this year. This guide will include construction companies, service stations, accountants, furniture stores, etc. This trade and professional guide will be inserted into the guide and distributed to cottagers and through the information centres.

Walter Thomas will be calling on you in the next two weeks to offer this service. For further information call the Chamber office 286-1760.

The LEAD Corporation is now in the process of hiring a planning phase manager. The target date for the planning phase project to begin is February 1, 1985.

Building fund donations reported to date are \$19,219.99. Income this week is \$3,100.

Coming Events:

January 25 - 27: Kinsmen Winter Carnival held in Minden. Parade is on Saturday at noon. There will be various activities which will include car races on ice, ATC sno-cross, pole-climbing, log-sawing, tug-of-war, hockey games, bonspiels, figure skating, Carnival Queen judging and entertainment at the Crowe's Nest. For more

information call Don Nye 705-286-2839.

January 25 - 27: There will be a Minden Winter Carnival Mixed Spiel held at the Minden Curling Club. For more information call J. Jackson 705-286-1964 or G. Kellett 705-286-2737.

January 26: 100 km. Snowarama Ride for Timmy. This Rotary event takes place both in Minden and Haliburton sponsored by Easter Seals Society and Molsons. At Haliburton Forest and Wildlife Reserve registration is 8 a.m. for more information contact Kim Emmerson 705-457-1202. At Minden arena it begins at 7 a.m. For more information contact Steve Berry 705-286-2760.

January 26: Winter Carnival Dinner at Carnarvon Zion United Church at 5 p.m. For more information on this roast beef dinner call Mabel Russell 705-489-2626.

January 26: There will be a Midget Tournament at Minden arena beginning at 8 a.m. For more information call Shirley Hie at 286-1108.

January 26: There will be an Atom Hockey Tournament at the Haliburton arena sponsored by Haliburton Minor Hockey Association. For more information contact Len Salvatori at 705-457-2765.

January 26 - 27: Stock car races on ice at the Minden arena. Drivers must be licenced. Noon to 4 p.m. For more information call Tom Prentice at 705-286-1428.

January 27: Pancake breakfast at Minden Community Centre from 8 - 11 a.m. sponsored by Minden Figure Skating Club. For more information call Penny Obee at 705-286-1242.

Queen's Park Report

by John Eakins, MPP

Last week I dealt with arguments in support of the use of heroin. This week I would like to deal with the arguments against its use.

Part II - Arguments Against the Use of Heroin for the Terminally Ill

The Canadian Cancer Society has issued a statement against the legalization of heroin as a medical drug. The issue was referred to the Society's National Medical Advisory Committee in June of 1980. The committee apparently reviewed the literature on the subject, and presented its findings, identifying two aspects to the issue -- the availability of heroin for non-medical use and the lack of unique advantages of the drug. The findings discussed in the committee's statement are summarized below:

Availability for Non-medical Use

It is argued by some that the legalization of heroin could lead to its increased illicit use. The committee claimed that availability of heroin in hospitals, pharmacies and doctors' offices might expose persons legally in possession of heroin to the risk of attack by drug addicts. In this regard, the society pointed out that it is not concerned about inducing heroin addiction in a terminally ill cancer patient, but rather that legalization of the drug may increase its availability for illicit use. The society made no claim to have studied the question of addiction. Should it be demonstrated that legalization of heroin would not contribute to

increased problems related to addiction in individuals without disease, the society would be prepared to review its stand.

Lack of Unique Advantages

The second finding of the committee was that heroin does not offer any unique advantages in the relief of pain that are not offered by other available drugs. Although it is agreed that heroin is approximately two and one half times as 'potent' as morphine, that same ratio appears to apply equally to the side effects, namely that half as much heroin as morphine could be lethal. When one reaches a point where increasing a morphine dose would interfere with vital functions and perhaps even cause death, there is evidence that a comparable pain-relieving dose of heroin will have exactly the same side effects.

The committee reported that despite the well-known fact that heroin is more soluble than morphine and can therefore be administered in a smaller solution, the amount of the solution used with both drugs is small in any event and would make little difference to most patients.

Following a review of these factors, the Medical Advisory Committee advised "that there was, in the opinion of its members, no supportive evidence at that time that heroin provided unique qualities in the control of pain in cancer patients that cannot be duplicated by the use of already available drugs and that, in consequence, it was recommended that no further action be taken at that time".

Report from Parliament

By Bill Scott M.P.

Agriculture Minister John Wise announced on January 15 that some 5,600 Farm Credit Corporation borrowers could be eligible to have their high interest rate loans converted to 12 3/4 per cent.

"We have received numerous requests for help from FCC borrowers whose loans are locked in at high interest rates for long terms," explained Wise. "This group is unique because they borrowed from FCC when interest rates were at an all-time high and the corporation was not offering a choice of terms on its loans. These borrowers are, therefore, locked in for up to 30 years at rates ranging from 14 to 16 1/2 per cent. In addition, most of them are unable to refinance their loans with a commercial lender at a lower rate or through a Small Business Bond," the minister added.

All borrowers who obtained an FCA loan from April 1, 1981 and December 8, 1982 could be eligible and will receive a letter from the corporation within the next two weeks. It will outline the steps they have to take and the information they must provide to apply for a rate conversion. This action will modify the existing mortgage by introducing a new rate of 12 3/4 per cent and a renewable term of five years. However,

the amortization period will remain the same. The effective date of the rate conversion is January 1, 1985.

This represents a benefit of up to \$16 million per year for five years for this group of borrowers.

"The interest rate conversion may have a bearing on some of FCC's foreclosure actions. The temporary suspension of these actions ends January 15. However, all borrowers facing foreclosure action now have the opportunity to have their cases reviewed by an independent appeal board," said Wise.

"In addition, if any of these borrowers are eligible for the interest rate conversion and if the lower rate improves the viability of their operations, their cases will be reassessed," announced Wise.

I welcome this move by the Minister of Agriculture in response to the very real need of those farmers so severely affected by high interest rates.

Effective February 1, 1985 my constituency office will be located at 2 King Street in Lindsay. At this time, I understand the telephone number will remain as listed in the telephone book. My staff and I look forward to serving you out of this new location.

Federation of Ontario Naturalists

By MIKE SINGLETON

We've all seen them. Stern-- almost pompous -- looking, they pose atop their "thrones", some on posts, others on poles. Many perch in craggy, twisted trees, reminiscent of haunted castles. Stoically, they survey their domains.

Red-tailed hawks are, by far, Ontario's most common raptor. Immediately distinguished by their large chestnut-red tails, they vary from light brown to almost black. Found everywhere south of tundra, they feed on any mouse-like mammal they can catch - voles, moles, mice and even

Local rink captures Skyline

Score was tied in the final end

For the first time in a decade a Haliburton rink won the overall championship of the annual Skyline Bonspiel over the weekend.

Jim Scheffee's rink of vice Scott LaRue, second Art Dawson and lead Jack Brohm outpointed Jim Grady's Peterborough rink by a single rock to earn the 'A' event title late Sunday afternoon.

The teams were tied going into the eighth and final end. With a number of rocks clogging the front of the house the Haliburton rink slid by one of Grady's front markers and buried the rock at the side of the eight-foot circle.

Peterborough vice Peter Kilistoff curled a rock into the four foot ring for shot, but Haliburton vice Scott LaRue quickly nullified the threat.

Grady then tried a draw and came up short, leaving Haliburton with shot rock in the eight-foot circle.

Two other Haliburton rinks earn titles

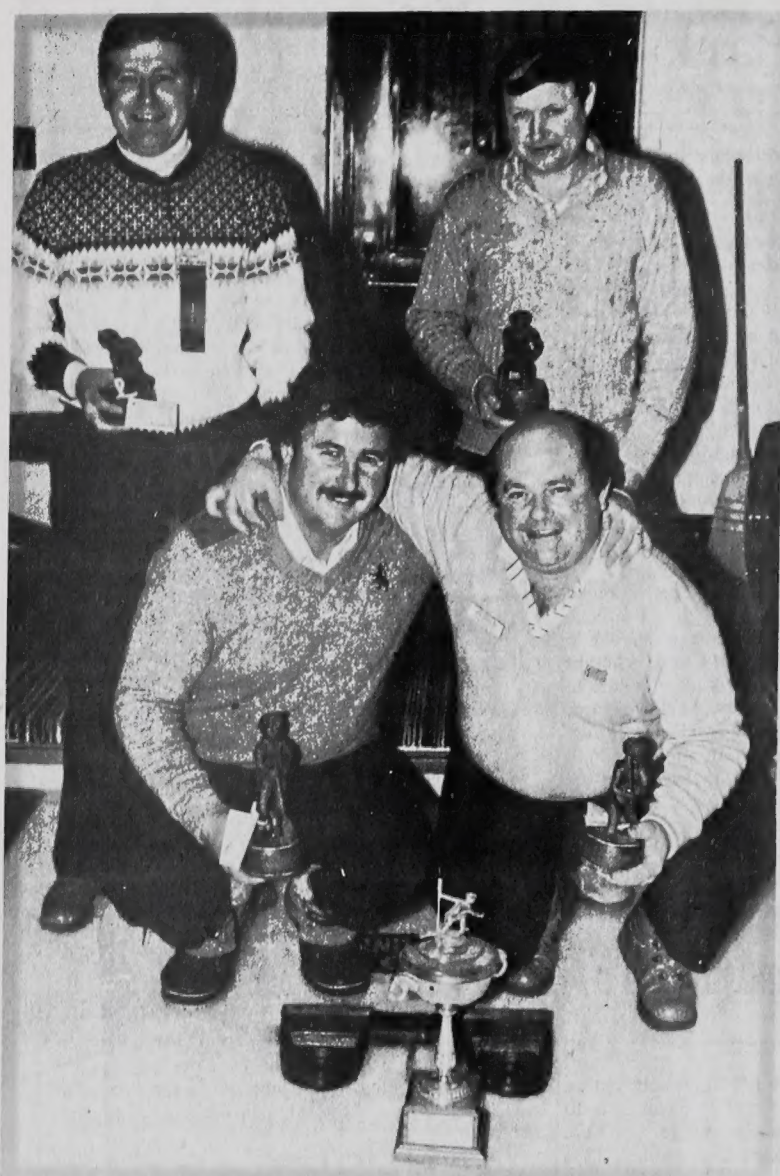

Since Scheffee had the hammer, Grady had one last chance to throw draw weight, but he was heavy and the rock was swept through, giving Haliburton the hard-fought win.

Prizes in the 'A' event were sponsored by Haliburton Lumber.

A local rink also captured the 'B' event. Steve Colliver's rink of vice Bob Deremo, second Brent Colliver and lead Randy Colliver outpointed Barclay Mayhew's Kingston rink to earn prizes courtesy of Curry Motors.

In the 'C' event, sponsored by Black's Home Hardware, Gerry Bradley's Elmville rink of vice Frank Cooney, second Pat McDevitt and lead Gerard Lynch were the winners over Ted Trudeau's Oshawa rink.

The 'D' event, sponsored by Giles Connelly Esso, was won by John Wilson's Haliburton rink of vice Paul Wilson, second Gary Bailey and lead Bob Johnston. Runners-up in the event were Jim Holmes' Haliburton rink of vice Bruce Armstrong, second Ben Slater and lead Don Clee.

The happy winners of the A event at the Skyline Spiel were the rink of skip Jim Scheffee, standing right; vice Scott LaRue, kneeling right; second Art Dawson, kneeling left; and lead Jack Brohm, standing left.

Emmerson Lumber keeps lead

Bishop and Wilson defeats Curry Motors 8 - 5

Bishop and Wilson remains three games behind first place Emmerson Lumber in the Haliburton men's league after both teams skated to victories on Monday night. The surveyors outpointed Curry Motors 8 - 5, while Emmerson Lumber coasted to an easy 7 - 0 win over Haliburton Lumber.

Emmerson Lumber's record now stands at 10 wins and one loss, while Bishop and Wilson have won seven games and lost four. The motormen and Haliburton Lumber are well off the pace with identical two and eight records.

Bishop and Wilson's Jim Winn got his team off to a fast start in Monday night's opener, notching a goal at the 30-second mark of the first period with help from Rick Wood. The surveyors took a 2 - 0 lead at 2:09 when Luke Schell scored with help from Greg Bishop.

The motormen got rolling at the eight-minute mark as Rob Abbs connected, assisted by Brian Black.

With 5:10 remaining in the period Glen Scully went in alone to beat Kevin Finch in

the surveyor net and the score was tied at two apiece.

Bishop and Wilson regained the lead with 1:12 left in the period as Rick Wood scored with help from Ken Riley, and they did not relinquish it for the rest of the match.

At the 4:09 mark of the second period Ken Riley made it 4 - 2 for Bishop and Wilson. The assist went to Rick Wood, giving him his third point of the night.

Curry Motors' Roy Scott replied 58 seconds later with help from Bill Johnston to narrow the gap to 4 - 3, but at 9:01, Greg Bishop got his second of the night to put the surveyors ahead by two again.

The teams traded goals in the third period but Bishop and Wilson came out ahead of the exchange, notching three markers while the motormen could manage only two.

Scoring for the surveyors were Ed Davis from Rick Wood, Jerry Walker, unassisted, and Guy Ramsay from Ken Riley.

Gary Brohman and Stuart Baker got the motormen markers, both unassisted.

Emmerson Lumber Gets Easy Win

The second game of the night belonged to Emmerson Lumber, who managed to keep Haliburton Lumber off the board through three full periods.

Tom Curry got two goals to push his total to 15 so far on the season, while other markers were netted by Steve Barker, Gary Burch, Drew Carey, Steve Roberts and Geordie Vincent.

Curry also got three assists while Roberts, Vincent and Paul Howe helped out on other goals.

Bantams take top honour at tourney

The Haliburton OMHA Bantams travelled to Bobcaygeon last Saturday to participate in a tournament and came home with top honours.

The first game matched Haliburton against Bewdley. Although the Bantams dominated the opposition through the first two periods they were only able to score one goal against a hot goaltender. However, the third period saw the players find the right combination as they

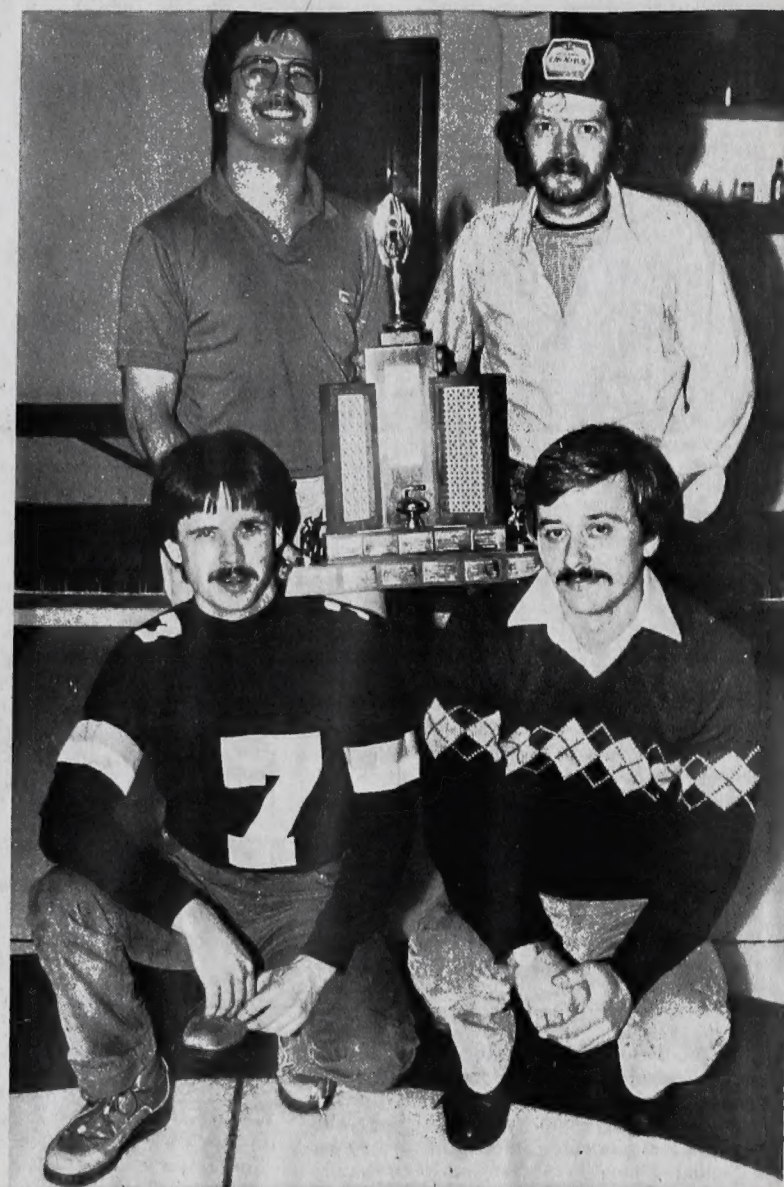

scored seven unanswered goals to defeat Bewdley 8 - 0. Scoring for Haliburton were: Byers from Mitchell and Russell; Cooper from Francis and Cooper; Russell, unassisted; Byers from Russell; Cooper from Nicholls and Mitchell; Hunter, unassisted; and Nicholls, unassisted.

The second game was Haliburton vs. Orono. Similar to the first game the

Haliburton team found themselves down 1 - 0 at the start of the third period after Orono scored on a penalty shot. The Haliburton team was assessed 22 minutes in penalties during the first two periods, to Orono's six minutes. However, again the hometown boys scored six consecutive goals in the final seven minutes of the game to defeat Orono 6 - 1. When Haliburton scored their first goal in the third period the

Haliburton fans, who included a contingent from Omeenee and Bobcaygeon, made the rafters shake and lifted the team spirit to a level unsurpassed this year. There was no stopping the team after that first goal. Scoring for Haliburton were Perrin from Hunter; Cooper from Francis; Russell from Hunter; Russell from Perrin; Cooper from Russell and Francis; and Warburton from Byers and Russell.

The championship game saw Haliburton meet the hometown Bobcaygeon Bobcats. Unlike the first two games, the Huskies led 3 - 0 after one period. The Bobcats however, scored two goals at the beginning of the third period to reduce the lead to one. Not to be outdone, the Huskies scored three goals in a span of three and a half minutes to win 6 - 2. Scoring for Haliburton Please turn to Page 7

Winners of the B event were the rink of Steve Colliver, skip, kneeling left; Bob Deremo, vice, kneeling right; second Brent Colliver, standing left; and lead Randy Colliver, right.

Atoms end their season with wins

The Haliburton OMHA Atoms ended their regular season with two convincing wins. On Friday evening the team was at home against visiting Ops.

Ops opened the scoring at 8:57 of the first period. Derek Wilson tied it up with four minutes left in the period with assists going to Greg Stamp and Paul Hewitt.

At the five-minute mark of the second, Mathew Williams put Haliburton ahead to stay. With a little over a minute to go Greg Stamp connected with Derek Wilson and Jeff Black drawing the assists.

Then with just eight seconds left Jeff Black scored

with Greg Stamp getting the assist. The period ended with the score 4 - 1 for Haliburton.

Ops scored the first goal of the third, but that would be it for them, as Haliburton scored six in a row. Jeff Black connected for two more giving him the hat trick. Drawing assists were Chris Greenfield, Derek Wilson, Greg Stamp and Mike Billings. Chad Bain then scored with Jason Casey getting the assist.

Chad Bain and Jason Casey set up Mathew Williams for his second goal of the game. Derek Wilson also connected for his second of the game with assists

going to Jeff Black and Paul Hewitt.

Chris Greenfield ended the scoring, making the final Haliburton 10, Ops 2.

On Saturday afternoon, Haliburton continued their winning ways with a 4 - 0 score over Woodville. Derek Wilson scored at 8:07 of the first period with the assist going to Greg Stamp.

At the five-minute mark of the second period Jeff Black tallied with Mike Billings and Derek Wilson drawing assists.

With 13 seconds left in the period Mathew Williams connected with Chad Bain and Jason Casey helping on the play.

The third period was scoreless until the last min-

ute of play when Jeff Black got his second of the game. Assists went to Derek Wilson and Greg Stamp.

The Atoms don't start their play-offs until the first of February, but this Saturday they host an eight-team Atom tournament. Haliburton play their first game at nine o'clock against Canington.

Bears undefeated, have 11 - 0 record

Haliburton's Bantam Bears have continued their winning ways in the new year with recent victories over Apsley and Bancroft.

On Saturday, January 19, the Bears defeated the Apsley squad by a score of 5 - 4 in a very close, hard-fought hockey game.

Haliburton opened the scoring on goals by Ben Packard, Brent Flood and Ben Packard again with assists going to Paul Robinson and Philip Johnston.

The Apsley squad stormed right back to score four second period goals to take a 4 - 3 lead in the game.

Randy Bird tied the game for Haliburton with a very timely goal at the end of the second period, ably assisted by Jeff Emmerson. Ben Packard scored the winning

goal, his third of the game, a 7:40 of the third period, assisted by Philip Johnston.

On Saturday, January 19, the Bears travelled to Bancroft for a game against Vito's Pizza and emerged with a 10 - 5 victory. Haliburton's goal scorers were Chris Coumbs with three goals assisted twice by Greg Scheffee, Ben Packard with two goals assisted by Jason Rowden and Scott McKee, Brent Flood with two goals assisted by Dan Connaughan, Wallace Wood and Randy Bird; Scott McKee, assisted by Ben Packard and Jason Rowden; Jeff Emmerson assisted by Paul Robinson and Paul Bellefleur, assisted by Philip Johnston.

The Bears have been undefeated this season, posting a record of 11 - 0 so far. Point standings to this point are:

PROCLAMATION
THE COUNCIL OF THE
MUNICIPALITY OF
DYSART ET AL
HEREBY PROCLAIMS

MARCH, 1985 as:

(1) Easter Seal Month;
and
(2) Red Cross Month

Reeve Murray G. Fearrey

Winners of the C event of the Skyline Spiel were the rink of Gerard Lynch, standing left; Pat McDevitt, standing right; Frank Cooney, left, and Gerry Bradley, right.

Winners of the D event were skip John Wilson, standing right; second Gary Bailey, standing left; lead Bob Johnston, left; and vice Paul Wilson, right.

Nicholls named outstanding player of tourney

from page 6

were: Russell from Mitchell; Cooper from Nicholls; Hunter, unassisted; Nicholls from Francis and Hunter; Nicholls unassisted; and Warburton from Russell and Mitchell. Erin Nicholls received the outstanding player award for

the tournament.

Overall the defensive unit of Ron Perrin, Drew Mitchell and Colin Hunter played very well through the entire tournament and in combination with the forwards of Erin Nicholls, Jeff Francis, Jaro Cooper, Scott Russell, Jeff

Warburton and Darren Byers the team play was second to none.

The Huskies hit the road this Thursday as they take on the Pickering Village Bantams and are in Beaverton on Sunday night to play their first two play-off games.

Attention Property Owners and Tenants In The Township Of Glamorgan

Your Municipality is Being Reassessed

Your New Assessment

In response to a request from your municipal council, all properties will be reassessed under the Section 63 Program.

The Section 63 Reassessment Program is designed to equalize assessments within property classes, based on 1980 market value.

Mailing of Assessment Notices

1984 Assessment Notices will be mailed to all property owners and tenants.

The assessed value shown on your Notice will be used for the calculation of your 1985 municipal and school taxes.

A full explanation of the Section 63 Reassessment Program, appeal procedures and a timetable for Open Houses in your area can be found in the Information Insert which accompanies your new Assessment Notice.

Open House Sessions Will Answer Questions

Open House sessions have been planned at convenient times and locations in your municipality to afford you the opportunity to review your assessment with staff of the Regional Assessment Office.

Assessment staff will be pleased to explain the basis of your property assessment and are authorized to amend all data (school support, assessment, etc.) on your Notice. You are encouraged to take advantage of this service.

Rolls Available For Review

The Assessment Roll will be available for review at your local municipal office during regular business hours, beginning February 15th, 1985.

If You Wish To Appeal

If you believe you have been improperly assessed in any way, you may file a formal complaint with the Assessment Review Board. The final date for filing an appeal is March 8th, 1985.

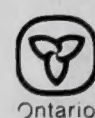

Information on appeal procedures is provided on the back of your Assessment Notice and in the Information Insert.

The Egg and I...

What ever happened to those good old movies? You know, the ones with the happy endings. Sure, they were innocuous, and had very little to do with reality. Those movies were meant strictly for entertainment and relaxation, to help you forget your woes for an hour or so.

Who needs reality anyway. You can get enough of that in the Toronto Sun or on the six o'clock news... This thing the current collection of writers and movies moguls are so fond of pursuing, is even worse than realism. It smacks of shock and horror, just for the sake of it. Like a child saying a bad word or being deliberately naughty in order to get attention. The sad part of it is that many of the young people who have been raised on this drivel are becoming immune to the shock. And some of those who are troubled to begin with, are dangerously impressed with the explicit violence that is often almost demonstrated in a sort of "how to" clearness. At least, that's my own private opinion. And I guess there are a few psychologists around who agree.

Our kids have never seen nice old movies. Especially the extravagant productions that were made during the depressing years, and then during the war. All those wonderful Fred Astaire, Ginger Rogers films with practically no plot, but marvelous dancing. Gene Kelly was pretty good too. When he and Frank Sinatra got together, there were always lots of pretty girls, great dancing and singing.

If you really had to have a plot, there were detective movies, with Richard Widmark, or Humphrey Bogart. And the gangster movies with the inevitable combination of Edward G. Robinson, Peter Laurie and Bogart. People got killed, crimes got solved and the good guys always won in the end. They managed to do it all without having to show someone's brains spilling all over the floor too.

Blatant sex was also unnecessary in the good old movies. The worst thing you saw, was a lot of smooching with a break-away to violins and ocean waves. (and you could think what you liked). A young child might wonder where the water suddenly came from, but you didn't have to worry about him seeing something he wasn't prepared for. When Clark Gable and Claudette Colbert ended up having to sleep in the same room, albeit in twin beds, they had to string a clothesline up and drape a blanket over it.

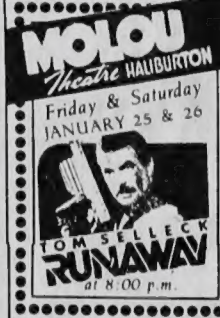

Then there was that fateful movie where Clark shocked the world when he uttered the famous line "Frankly, Scarlet, I don't give a ...". In today's standards, I believe the writers sometimes have a contest to see who can squeeze the most four-letter words into one sentence. One needs a sifter to rid each sentence of its excess baggage in order to understand what in the world they're trying to say. We've all heard bad words. We don't need to have them shoved down our throats.

Don't think about censorship, however, for you mustn't tread on peoples' rights to print whatever

Developing the ability in Disabled Adults

Senior League

By BERT HARRISON

Dear readers, we are starting another week here at Hyland Crest. To tell you what has been happening, I will do my very best.

We welcome Clara Coulter who has come to live at Hyland Crest. We hope she will like it here. She'll be treated the very best.

For the next few days we won't see Edna Cowan around. She has gone to visit her son and family away up at Parry Sound.

Poor Lillie Hogg: her roommate is feeling sorry for herself. She is afraid she will be laid up upon the shelf.

In the chapel service Sunday night the Thompson's were there to do their part. Rev. Burgess always has an interesting message to give.

We think the flu here is finally easing off. Yet some of the residents here still have a bad cough.

The ladies are working in

the craft room. Some are knitting socks. Mary Oliver said she has made some 80 quilt blocks and Mrs. Eastman, although she cannot see, just knits away as busy as can be.

Tuesday morning about 6 o'clock I got up, then decided it was too early to stay up so back into bed I wanted to crawl. Then the 'blamed' fire alarm went. Out of bed and to the outside door we did fly and didn't get a chance for anyone shut eye.

Tuesday morning Rev. Westhaver of Minden United Church had a really interesting message for us on this lovely January day. Fred Ballard came, the music to play.

Tuesday afternoon Doris showed us two very interesting movies, Farming in a big way and Hong Kong as it is Today.

Tuesday night our entertainers came: Mervin Rivers, from Haliburton, Gordon

Houghan from West Guilford and Murray and Shirley Davis from near the shore of Horseshoe Lake. They play find music which was enjoyed by all. We look forward when it is time for them to come to us again.

Congratulations to Wayne Cox who, by the way, is a good card. He was one of six to receive an agriculture award.

Minden went to the dogs last weekend, which was really quite a sight. Congratulations to the winners. They surely did all right.

Our supervisor, Sidney Brown is home sick with a bad cold. We residents will try to behave and do as we are told.

Millie Wood sits in a corner chair where she can see all about. She can tell you who is coming in or who is going out. She keeps busy, knitting socks, mittens, scarfs and cushion tops. She hardly ever stops.

Angus Coulter is back at work again. He just can't sit still. Doing nothing is against his will. Thursday afternoon the Minden U.C. ladies brought in and served a delicious lunch which was enjoyed by all. Maude Coulter read us some humorous poems.

We had a nice sing-a-long. Thank you for coming and we look forward to when you'll come again to call.

We have a new resident. Herald Hogg just came in today. We're sure he will like it here and really enjoy his stay.

We thank the bingo callers Thursday night Larry and Arin McKnight and Steve Crowe. The players said they did a real good job and

Chairman elected

The Sir Sandford Fleming College (SSFC) Board of Governors re-elected Leslie Broombridge as its chairman at a special meeting held recently.

Groombridge, president and general manager of Outboard Marine Corporation in Peterborough, joined the board in 1980 and was first elected chairman one year ago.

The new vice-chairman of the board is lawyer Richard Gorwill of Lindsay who was

first appointed to the board in 1983.

Paul Brown, a captain in the Peterborough Fire Department, has been re-elected chairman of the board's finance, property and administration committee. Brown has served on the board for the past five years.

Elected chairman of the academic and students affairs committee was Marjorie Porter of Woodville who joined the board in 1982.

Did you know?

Did you ever stop to think about all the chemicals and dusts you breathe in your daily routine at home?

Some of them can be noticeably irritating ... like smoke from the fireplace. But others, like air from your humidifier, may cause lung problems, without you even knowing it. By taking some very easy safety precautions you can help yourself breathe easier at home, such as, reading labels before using household cleaners. Many should not be mixed, for example, chlorine bleach and ammonia produce deadly fumes when

combined. Also, rid the house of dust collectors. Heavy drapes and thick carpets collect dust and people with allergies or asthma should avoid them. Next, change humidifier water often. Stagnant water in humidifiers is an excellent breeding ground for bacteria and fungi. If not destroyed, they may disperse into the air with the water vapour and cause "humidifier disease" (shivering, fever and breathing difficulties). And always make sure smoke goes up your chimney. Non-electric furnaces, water heaters,

stoves and fireplaces produce combustion products which can be deadly if trapped inside the house.

These are just a few of many ways to make breathing easier. For more information regarding protecting your lungs, contact your County Information Centre or your local Lung Association. Please keep in mind that if you have a problem, we can help! Why not take the first step and give us a call at 457-2733. We are open from 10:00 a.m. to 4:00 p.m. week days.

Heater warning issued

Owners of waterbed heaters bearing the trade name "Thermalux Model 1000" manufactured by Classic Thermal Systems in Surrey, B.C. and purchased between November 6, 1984 and December 18, 1984, should stop using them immediately.

Canadian Standards Association and the manufacturer advise that these heaters pose a potential fire hazard. An overheating problem has been detected in a number of units, creating a pad failure and scorching of the bottom wooden deck of the bed.

If you purchased one of these heaters between the dates mentioned above and have not already been notified by the dealer or received a service call from him, disconnect the unit immediately.

Return the heater pad only (not the control) with proof of purchase to designated depots in your area, or send it directly to the manufacturer.

For designated area information, please call toll free: 1-800-663-6810.

The units are manufactured by: Classic Thermal Systems, 12187 Industrial Road, Surrey, B.C. V3V 3S1.

Attention Property Owners and Tenants
In The Township Of Cardiff

PROPERTY ASSESSMENT

and your 1985 Municipal and School Taxes

Regional Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

The resulting Assessment Rolls are delivered to municipalities which use them to set their mill rates and compute municipal property tax bills.

The amount of property tax you pay on your home or business depends on the assessed value and the mill rate set by your municipality. The assessed value multiplied by the mill rate will determine your 1985 property taxes.

Open House Sessions

Open Houses are your opportunity to fully understand your assessment and to evaluate its equity.

Open Houses are held in every municipality at convenient times and locations, to provide you with the opportunity to discuss your assessment with staff of the Regional Assessment Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any information as may be necessary prior to the delivery of the Assessment Roll to your municipality.

If you have any questions but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Assessment Notice
Property owners and tenants will receive an Assessment Notice only if information regarding their property or assessment was changed during the past year, if the assessment was appealed last year, or if the property has been reassessed under section 63 of the Assessment Act. If you receive an Assessment Notice, it may reflect changes you have requested in your school support designation, in the amount of your assessed value, or other recorded information on last year's Notice.

Appeal Procedure
If, after attending your local Open House, you are still dissatisfied with your assessment, you have a right to appeal it to the Assessment Review Board. The Assessment Review Board conducts informal hearings and is responsible for determining whether the assessment under appeal is fair and equitable with the assessments of similar properties in the vicinity or neighbourhood, and may alter your assessment accordingly.

Appeal Deadline

The final date for appealing your assessment is March 8, 1985.

Your appeal must be forwarded, either on a Notice of Appeal Form or as a letter, to the Regional Registrar of the Assessment Review Board on or before March 8, 1985, noting your property address, Roll Number and the reason for the appeal.

To assist you in this regard, Notice of Appeal forms and the address of the Regional Registrar of the Assessment Review Board are available at Open Houses, your Regional Assessment Office, or your municipal office.

Local funds put to work in villages of India

Donations help bring clean water to struggling people

Gerry Feltham hands a message from Dysart reeve Murray Fearrey to Bamot Venkati, head man of the village of Ibrahimipuram. The picture was taken on November 12, 1984.

The generosity of Haliburton County residents has reached all the way to the impoverished villages of rural India, and the result is an improved life for people in a crowded and tortured land.

Funds raised by the local Help A Village Effort (HAVE) committee have been used to build a chapel in the village of Ibrahimipuram in the Warangal district of Andhra Pradesh state, and to supply pure drinking water to the villagers of Ibrahimipuram and neighbouring Fateshawpuram.

HAVE committee chairman Gerry Feltham recently returned from a two and a half month journey through India and Sri Lanka during which he saw first-hand how money raised by the local group is being put to use.

The \$11,000 donated in last year's Walk for Wells has been earmarked for well drilling and well improvement projects. Some \$5000 already has been spent on four wells in the Ibrahimipuram area, and further funds will be used for drilling and digging wells in the villages of Madipadiga, Nellulta and Sivunipalli.

On his visit to Ibrahimipuram, the HAVE committee chairman brought greetings to the village head man from Dysart et al reeve Murray Fearrey.

In response, the sirpunch (head man) Bamot Venkati, composed a letter to the Dysart reeve. It reads:

"Respected Mr. Fearrey: We are extending our hearty greetings to you. I received your loving letter October 1, 1984 through Mr. Gerry Feltham. Thank you for your financial help to our village, and also for the good, friendly relationship."

"I wish for great success in the schemes of agriculture, well digging, current motors and housing in my village. As a sirpunch of this village I am expressing my gratitude towards you. Yours friendly, Bamot Venkati, Ibrahimipuram."

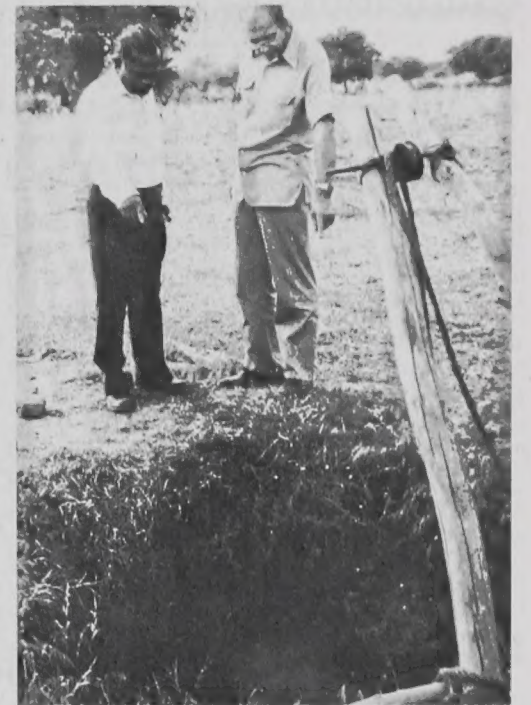

Feltham said the HAVE committee is being cautious in distributing the money raised by Walk for Wells, because "our aim is development rather than straight relief." The committee will only agree to fund a well project if hydrogeological surveys indicate that there is a good chance potable water will be found.

Feltham said he was impressed by the efforts the Indian villagers are making to improve their own life, and says he is prepared to challenge anyone who claims Indians are not doing as much as they can to cope with the problems of drought, flood, famine and poverty.

Feltham provided the following report on his recent journey:

From October 4 to December 16 the chairman of HAVE travelled (at his own expense) extensively by local trains and buses throughout India and a bit of Sri Lanka. Being able to reside primarily in the homes, and to visit the institutions of indigenous Hindus and Christians, he was able to gain invaluable insights into the joys, sorrows and concerns which affect the lives of numerous people in these countries.

During this second visit much effort was made to discover what was being done by apparently

Gerry Feltham and K. J. Victor examine the well on the edge of Ibrahimipuram which will be deepened and improved with \$1500 donated by the Haliburton Rotary Club to the local HAVE committee.

Village head man expresses thanks

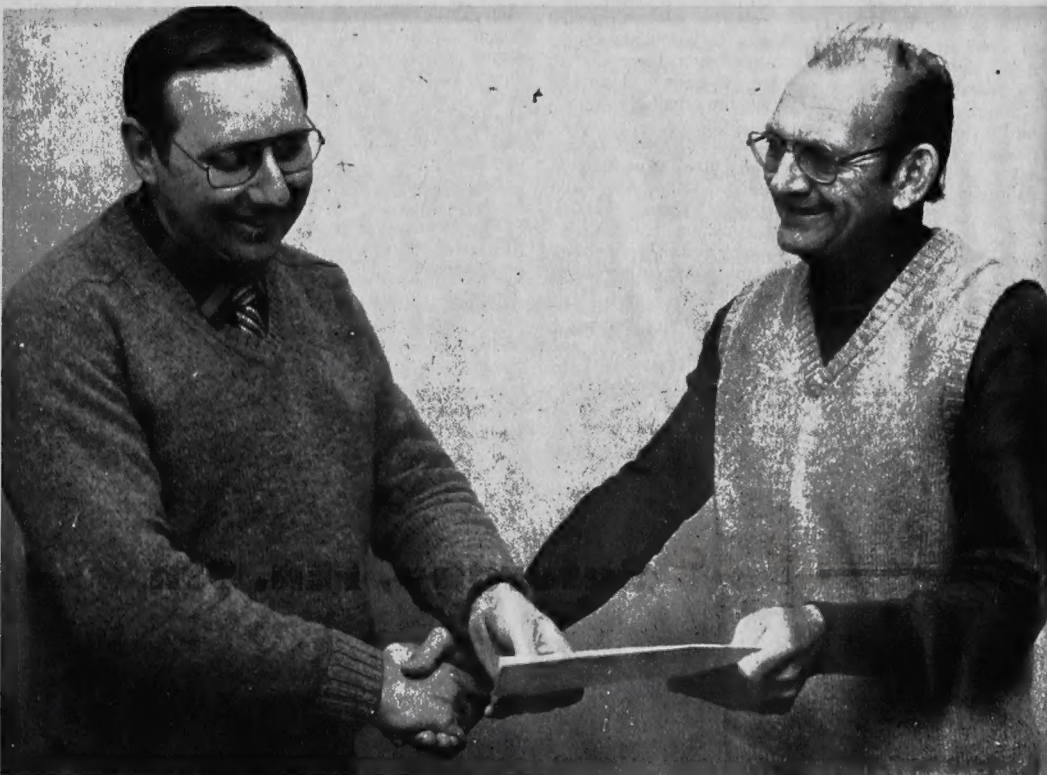

ordinary folk to help the poorest of the poor, especially in the rural areas, to help themselves. The following persons and groups deserve special mention: Mr. R. C. Alter and Mussoorie Gramin Vikas Samiti (Mussoorie, U.P.); Mr. and Mrs. (Dr.) Prembhai and Agrindus Institute (Mirzapur, U.P.); Mr. Ro. Ghodke and Nagpada Neighbourhood House (Bombay); Mrs. (Dr.) N. Onawale and Deep Jaiha Society (Pune, Maharashtra); Drs. Raj and Mabelle Orole and Comprehensive Rural Health Project (Jamkhed, Maharashtra); Rev. and Mrs. K. J. Victor and Word Ministries of India Inc. (Hyderabad, A.P.); Lt. Col. M. R. Mathews and Evangelical Fellowship of India Commission On Relief (Bangalore, Karnataka); Mrs. Rita George and Grace Farm (Tumkur village, Karnataka); and Rev. Stephenraj who works in Madras slums and villages in Tamil Nadu and Andhra Pradesh states. Each of these persons and their associates are involved in projects which enable individuals and families to develop considerably their lives (and communities) through an improved understanding and

applications in health and medicine, education, agriculture and occupational trades.

Because HAVE's initial funds were used towards the construction of a village chapel, and Rev. Victor's request for financial help to drill village wells, much time was spent in the rural areas of Warangal district (N.E. of Hyderabad). To show their gratitude to Canadians for the chapel at Ibrahimipuram, many villagers (including several from the neighbouring of Fateshawpur) gave the chairman a rousing welcome. The chapel will be very useful for worship and other community functions. It is fairly large, and substantially well built. However, due to spiraling inflationary costs, the chapel will still need a little more funding before the construction is finally completed. To provide pure drinking water for many villagers in the two villages, a well will be supplied near the chapel. (The Haliburton Rotary club's donation of \$1500 will be used here). Greetings were extended from the reeve of Haliburton village to the village head (sirpunch) of Ibrahimipuram who has returned the compliment.

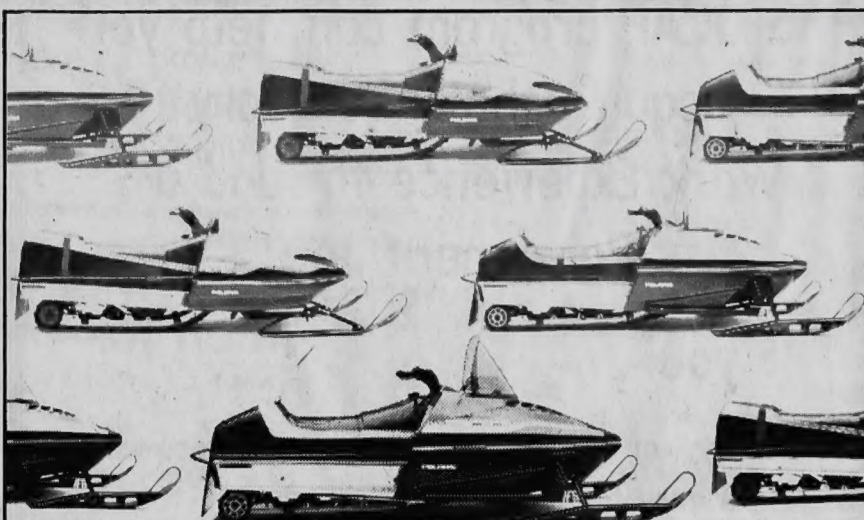

Arrangements were made, also, to finance essential wells in three other villages as well as to proceed with hydrogeological surveys in more villages. In rural India it was quite obvious that many irrigation wells for small groups of very

Please turn to Page 16

Dysart et al reeve Murray Fearrey accepts a formal message that Gerry Feltham, right, brought back from the head man of the Indian village of Ibrahimipuram. The reeve had sent a message of

greeting from the municipality to officials in the village, which is one of many receiving aid in the form of wells paid for by the Haliburton County Help A Village Effort Committee.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Kinmount Korner

By MILLIE MOSS

Sympathy is extended at this time to Harold, a family and friends of Marguerite Scarlett who died in hospital Tuesday morning, January 15. Also to Pete Pearson, Diane Austin and all family and friends in the death of Pete's daughter, Kathleen, in Toronto on Saturday, January 12.

I was sorry to hear that Mark Newman is a patient in Ross Memorial following a painful injury.

I was in at the X-ray department in Lindsay one day last week and what a busy place it was. I even met a man we know from Norland, Watson Peterbaugh, who was also in for X-rays.

I hope Ida Pardy is feeling much better from her severe cold by now.

Some of the public school youngsters in Fenelon Falls had a great time cross-country skiing at Byrnest's, last Wednesday afternoon.

I thoroughly enjoyed a telephone visit with Ida Young one day last week. Ida is still suffering the effects of that accident some time ago when she and a logging truck tried to tangle. Her good spirits hang in there though. Thank you very much Ida for your very generous donations towards our Horticulture penny table, church sales, etc. and thank you Ken for delivering them.

The Kinmount and District Horticultural Society will be holding its annual meeting, election of officers, pot luck dinner and penny table, on Wednesday, January 23 at 6 p.m. at St. James Church Hall in Kinmount. Come, bring the family, your own dishes, cutlery and whatever you'd like to cook, towards the pot luck. We would also appreciate anything you wish to give towards the penny table. The more we have the better the fun of penny table shopping.

Lori Lynne Liscombe was a dinner guest of Mary and John Pyke in Norland, one evening last week.

Congratulations to Alex Graham and Dave Graham who recently were quite lucky with their catch of trout and ling at their old ice fishing hole. "Ag #1" caught the trout and said if Helen was a really good girl

she could have it for her breakfast but good old Helen says he can keep his trout she'll go catch her own. You'd better watch out for that #1 position Ag.

Person/persons have been apprehended in the recent break-in at Kinvale Restaurant in town. More on that at a later date.

Jason and I heard the very pretty song of some bird up in a tree across the road, early one morning last week. It sounded so out of the ordinary at this time of year that I crossed over to have a closer look but he was too well hidden in the pines. Later that morning Jim Hockley met me downtown and told me he'd seen what he thought might be a robin while at his place out Davis Lake area. Next day, Jim says he definitely saw a healthy, very spry robin. I know for a fact that mosquitoes and flies are still around but when our "harbinger of Spring" stays on for the winter what is it trying to tell us?

Happy seventy-eighth birthday to Bill Lilley of Norland on Friday, January 19.

Also to my mother, Mary Louisa Pyke, a very happy eighty-ninth on the 24th of January. All the best birthday wishes to Pearl Bradimore in the same week.

Results of the card party held at Galway last Wednesday evening are: ladies' high: Ruth Menard, ladies' low: Maxine Cross, men's high: Peter Franzen, men's low: Leon Wright, most lone hands: Shirley Yates.

Some 25 to 30 ladies and gentlemen gathered at the Kinvale Restaurant on January 16 where a roast beef dinner was enjoyed by all. A meeting followed dinner to welcome new drivers/helpers in our meals on wheels program and to bring everyone up to date as to our goings on. Everything seems to be going well and thanks to everyone who attended, including Donna Bailey of the Haliburton Home Support Services who gave a very interesting talk and helped set any questions to rest. Thanks also to president Ken Hyams and treasurer Bob Hollobon for their informative talks. Even I was asked to speak on what I'd learned re: meals on wheels starting up again in Coboconk. I've been assured

that indeed it could get started again and would be a good thing but before anything can get underway they need to know if they can get drivers and helpers to participate. Why not help yourself by helping others? For further information please call Valerie Shepherd.

To whom it may concern: A number of dedicated and I may add, older citizens, took the time and caring to fix up our old railroad station, why would you feel it necessary to go write all over it? Now that we know you can write, why not go and clean it up. If you're old enough maybe you could put that time to better use and help us in our meals on wheels.

A number of local boys went for a ride recently and ended up going through the ice in a swamp. They made it to Ida and Ken Young's place at Crystal Lake where they thawed out some before heading home.

After my story on our dog Riley going through ice on Gull River last week I was told that one of Nancy and Dave Crego's dogs did the same thing in the Burnt River. Dave had to go out in an old boat to help the pooch in but all's well that ends well.

All you boys and girls between the ages of 10 and 13 years of age from the Norland, Kinmount, Coboconk, Kirkfield areas are

invited to join the Navy League Cadets which will be held each Tuesday evening at 7:15 p.m. at the Coboconk Legion. Uniforms will be supplied. There will be swimming, sailing, boat work, seamanship, knot tying and for recreation there will be darts, dancing and this is but just a little of all the good things you'll be learning. In the meantime another two officers is required plus one Wrenette officer. Boys and girls must be medically fit. At the moment Sid Thomas is a very busy ex-Naval officer who is trying to make some good future citizens for us. There are also movies and much outdoor fun for two or three nights a week. You must get your parents' consent and join the Navy League Cadets now for your uniform. I will be writing more on this subject as times goes on. All donations and help would be greatly appreciated. For further information you may call Sid Thomas at 454-3724.

The expert help of any of you ex-service men would be helpful and thankfully received. Watch next week for further news as to how this program proceeds.

Thanks to Mr. Thomas for his request that I become the Wrenette officer or secretary. I'm sure you'll come up with someone more qualified than I! Keep on reading the Echo. Call me at 488-2353.

Minden W.I.

By JEANNE SEARS

Mrs. C. Lacey, vice president, read a verse to open the January 16 meeting of Minden W. I. at the Library Cultural Centre. After the usual report, 17 members answered the roll call of stamped cards and the group welcomed one guest, Mrs. A. Coulter brought Mrs. W. Moore's report of 20 cards sent since the last meeting and collections for the card fund and pennies for friendship were taken. Correspondence was read. All joined in singing happy birthday to Jean Taylor. The roll call of February is to be a show of crafts and these will be auctioned. After some discussion it was decided to take special collections at

this January meeting, as well as in March and April. Funds from these collections and from the sale in February will go as a donation to CAT scan in Peterborough. Mrs. Kernohan then took up the special collection.

Business being completed, the group relaxed and reviewed 1984 with Mrs. M. J. O'Neill. This was a full and interesting report and will go into the Tweedsmuir Book as a reference. Appreciation for her effort in preparing this report was expressed. The meeting adjourned and all enjoyed the lunch served by the committee.

The next meeting will be February 20 at 2 at the Library Cultural Centre with all ladies welcome.

Coboconk News

By SHEILA LAKE

Leo and Elly Hannivan and Jim and Jean Hannivan have returned from a one-week visit to Ixstha, Mexico and report absolutely beautiful weather. They have been to Ixstha, before and enjoyed the area so much, that they made the trip again.

Winners in the Coboconk senior citizens card games held in the Coboconk community hall last week are as follows: euchre, ladies' first - Sylvia Bowins, 73; ladies' second, Alice Madill, 65; ladies' consolation, Joan Bowins, 45; gent's first, Tony Kenneth, 64; gent's second, Ken Bowins, 64; gent's consolation, Bert Adams, 46;

Bridge - first, Helen Gillies 3470; second, Lily Smith, 3200; consolation, Grace Crapper, 800.

Sympathy goes out to Marie and Arn Rutter and Lorne and Isobel Sleeman in the death of Marie and Lorne's father. Bill Sleeman died after a lengthy illness and no doubt, the family were relieved to know Bill was no longer living a "living death" since he had no known his family for some time.

Paul Angiers had surgery last week and Cathy Powell was also in hospital with an unexplained eye problem. I hope you sick folks are improved by now.

Faye Orr, Mrs. Nesbitt and Gord Timleck and Mary Limrick are among those who have been laid up with the flu bug.

Edna Pearce remains in Oshawa with her daughter and family, Lois Taylor, where she is recovering from her hospital stay.

Charlie and Roslyn Cameron spent the weekend in Toronto visiting the Love family and also Roslyn's mother at Brampton.

I was in Lindsay for x-rays on Monday and enjoyed a luncheon visit with Stella McLeish.

The apartments at the former store (the Jones Grocery) are nearing completion and no doubt, will be immediately rented.

Logan Richmond journeyed to Toronto last week, by bus. Logan is the medical wonder at Princess Margaret Hospital. Logan has had cancer for years and has to report to Toronto on a regular basis. Back over 10 years ago, doctors told him he had about nine months to live - yet he is very much alive today. Logan has told me doctors do not understand how he is still living. It goes to prove that newer drugs and treatments can do wonders and there is always hope. Just ask Logan.

Valentine's Day is drawing near. The local Coby Legion always has a dance so take your "Sweetie" along and dance the evening away.

Several neighbours are enjoying a break from the cold winter. Chris Kerr and friend are enjoying the Arizona sunshine. If and when I can ever get away - Arizona is number one on my list of places to visit.

Happy birthday to Pearl Bradamore.

A very big disappointment occurred for Ethel Farrow. She has been in Ross Memorial Hospital for two months and was to be discharged Friday, January 18. Problems arose, so Ethel

is still in hospital.

I had a visit with Mary and Merriott McNeil at Minden on Wednesday and caught up on news from up there.

Mrs. Cora Lake, my mother-in-law, celebrated her 85th birthday on January 14. The celebration was held

at her daughters, Carol and Wib Switzers. Some 18 of us enjoyed a buffet dinner and birthday cake and joined in the delight of watching "Grandma" opening her gifts. I trust she continues to keep well and has many more birthdays.

West Guilford News

By E. COOPER

Little Theatre is underway again, the first meeting for the production "The Importance of Being Ernest" being held last Thursday in the Dysart community centre. Casting for the parts will be done this Thursday evening under Caryl Douglas' direction.

The Seniors' Club which meets weekly upstairs in the arena has reconvened since their Christmas break. Among the local residents who attend regularly are: Annie Jones, Blanche Linton, Lucy Noah, Everett and Lorraine Harding, John Scott, Cecil and Jean Burk and Velma and Don Sine.

Paul Madden was home for the weekend to take part in the bonspiel. His team won all three games. Congratulations.

Congratulations to the A. L. Coopers of Woodstock on the arrival on Saturday of David Stephen, new son of Janet and Stephen Robb of Woodstock and brother for Sarah.

Petra Pequegnat's son, David, spent a few days in West Guilford upon his re-

turn from Europe where he gathered information to research the history of costume and design for theatre. This will lead to a degree of Master of Fine Arts. David was a former teacher at West Guilford Public School in the intermediate grades.

Last Saturday the Cimaroon band entertained for the monthly dance at the centre and again it was well attended.

Keith and Jackie Sheridan were part of the snowmobile crew from the city for the weekend. Rob Allen was also at his Guilford cottage for the weekend, his cottage, formerly Tommy Woods' home.

J'nan and Mike Yateman were guests at Janet and David Bain's on the occasion of their mother's birthday. Rod Sisson also was home from Sir Sandford College to be with the family.

Grace Lawson's daughter, Sue, was married to Phillip O'Reilly on Saturday evening at St. Peter's Anglican Church, Maple Lake. The couple will reside near the Buckslides Road area. Best wishes from the community to the bride and groom.

SO YOU WANT A JOB?

The OCAP program can help you acquire that necessary Work Experience to land a Permanent Job.

If you

Then we

- are 16-24 yrs. of age
- need experience for that first job
- want a \$100 gross weekly stipend for up to 16 weeks of relevant training
- have been out of the educational system 3 months
- pay the gross weekly stipend of \$100
- provide counselling
- place you for up to 16 weeks of training in the area of your career choice

Call OCAP to discuss your future.

Minden News

By MAIZIE AUSTEN

A very happy birthday to Pat Ackerblade on January 24 also to Robie Ackerblade whose birthday is Saturday, January 26. I hope you both have a good day.

This coming weekend is carnival weekend. Get out and enjoy yourselves as this seems to be a bigger and better carnival. There is so much to see and do. The opening ceremonies begin at 8:00 p.m. Friday on the ice surface at the Minden arena. Don't miss the parade on Saturday at 12 noon. The carnival continues all day Saturday and Sunday.

If you have any news for me to include in my column please call 286-3607. Thank you.

There will be sports car races on ice at the Minden fairgrounds on Saturday and Sunday at 10:00 a.m. with free admission for spectators.

Don't forget to register for the annual wrist wrestling championship at noon on Saturday.

Household Hint. Linoleum: Linoleum that has lost its original bright appearance can be restored by rubbing lightly and evenly with a piece of beeswax. Polish afterwards with a piece of flannel that has been warmed in the oven.

There will be a SnoCross competition on Saturday, January 26 at the Minden fairgrounds at 12 noon with a purse of \$1500. The Junior Amateur Competition, 14-17 year olds will race on Bombardier-provided Citation LS snowmobiles for \$6. The winners of the Saturday race will receive a trip to Valcourt, Quebec for the national finals. There will also be three-wheeler races (sideways in snow) with cash prizes. This sounds like fun to watch.

Thought for the day - Don't buy anything for a song until you find out what the pitch is.

Sincere sympathy to the family and friends of Mrs.

Stone.

Recipe for this week. Cheese Balls. Crumble 4 ounces blue cheese, mix well with 4 ounces of finely grated Cheddar cheese, 3 ounces cream cheese, 2 tablespoons chopped parsley, and 1/2 teaspoon grated onion. Shape into a ball, wrap, and refrigerate until firm. Reshape ball and roll in chopped peanuts. This is a tasty snack.

The Timmy Snowarama will be held Sunday, January 26 at the Minden arena starting at 8:00 a.m. All proceeds are for the crippled children. If you can't get out to ride do your best to sponsor as the money is much needed.

The winners of last Thursday afternoon's card party at the St. Paul's Anglican Church were the following: lone hands, Elva Paisley (on a cut). Others were Verna McDonald, Cora Hewitt, Bob Mitchell and Pat Moore.

There are only a couple more Fridays to browse and shop at St. Paul's Anglican Church Thrift Shop. If you have any donations could you please hold them until the move to the new building is completed. Thank you.

Get out and give the Minden Figure Skating Club moral support for their annual carnival skate on Sunday, January 27 at 2 p.m. The guest skater this year will be Teena Bullen from Orillia.

The colds and flus seem to really be hanging on. I hope you are all feeling well soon.

Make an effort to get to the Agnes Jamieson Gallery to see the beautiful paintings by Dr. Agnes Jamieson and Andre Lapine. They will be on exhibit until February 23.

Everyone is complaining about the weather but we should consider ourselves lucky this time. Southern Ontario and the U.S.A. are really getting the terrible weather. For my part I hope it stays there.

Don't forget the Minden Agricultural Society

meeting on Wednesday, January 23 at 7:30 p.m.

That's all for this week.

Gooderham News

By PAT BARON

The Gooderham Community is saddened by the death of one of its life-long residents, Bruce Staley. Mr. Staley died on Monday, January 14 at the Haliburton hospital after a lengthy illness. The funeral service was conducted by Pastor Sauve at the Gooderham Pentecostal Church on Wednesday, January 16.

The area Kinsmen's Club announces that they are sponsoring a competition of snow/ice sculptures on February 23. All community groups from school children to senior citizens are invited to participate. Prizes will be awarded to winning efforts. Anyone wishing more information may call Ron Barr.

We have been plagued with many colds and flu bugs in our area and many residents have been confined to their homes. We are glad to see Jean and Army Goff, Venieta Pickins, Gwen Taylor, Norma Fotheringham and Marie Bird feeling better.

In spite of low temperatures and sickness, the Gooderham Bridge Club had a record turn-out last Tuesday evening. (We find bridge players tend to be a bit fanatical in their dedication to the game.) Thus we had 16 players from Haliburton, Tory Hill, Kinmount, Wilberforce and Gooderham brave below zero weather to make up four tables at the school house. Congratulations to first place winner George Dickie of Kinmount and in second place, Fred Vanderland.

With regards to the winter season in Haliburton County, there seems to be only one reasonable survival philosophy -- if you can't beat it, join it. Tourists come hundreds of miles to join this spectacular snow scene. And hurrah for the natives who choose to get out and appreciate their indigenous de-

lights. A group of cross-country skiers is doing just that. Two classes are being held -- one on Thursdays, one on Sundays with instructor Teppo Levenhon. There are ten participants in each class learning the basics of this very healthful outdoor sport. The first sessions were held indoors at the Community Centre. They learned the fundamentals about equipment, dress and safety. Next week they will glide forth into the great outdoors to enjoy our lovely Haliburton winter on skis.

Back in December, a "mock" nomination and election were held in which Ivan Hunter was chosen "Reeve for a Day" to help celebrate municipal government week. That day took place on Tuesday, January 15. Ivan and Ileen were guests with Glamorgan Council for dinner at Graham's Restaurant, after which Ivan opened the regular council meeting. As a bit of nostalgia, the minutes of the 1953 council meeting were read -- the first meeting chaired by Ivan when he was reeve. At that time council meetings were held in the Orange Hall, so one of the issues of the day was the consideration of a new municipal office. Another important issue at that time which excited great controversy was the extension of our school system to include high school education in Haliburton. Grade 10 was the highest level obtainable in Gooderham then and if a student wanted more than that he had to find his own transportation to Haliburton.

Many of you will remember Mrs. Gunn. She was appointed clerk-treasurer during Ivan's term as reeve and remained as such until replaced by our present clerk, Elva Bates.

Other local government week activities will be found elsewhere in the Echo.

Wilberforce News

By WINNIE SCHOFIELD

Members of the Royal Canadian Legion met at the Monk Funeral Home in Minden to pay their last respects to Comrade Wilbur Sander-son. During World War I Wilbur served with the Canadian Army overseas. He was vice president of Branch 624 and served as Poppy Fund Chairman. He and his wife contributed many hours of work to Legion projects. Wilbur was born in South Wilberforce and grew up as one of a large family in the pleasant white, framed house on Lake Wilbermere. He married Joan Perry and they had two children; Judy and John. On Friday afternoon family members and friends attended a service at the funeral parlour where Maurice Bradley offered words of comfort to all. After the service visitors were made welcome at the Legion Hall.

The Girl Guides are asking for your support in their newest project. They are collecting, not money, but labels from cans of Campbell Soup and from Franco American products. Labels gathered will be sent to a School for the Deaf in Puerto Rico. Money from these will be used to purchase audio aids, music and sports equipment for deaf children. So save your labels and give them to a Girl Guide that you know, to Jan Watson, Mary Barker or leave them at Agnew's Red and White store. Labels must be sent by March so let's all get busy and help the Guides in this worthwhile project.

More news about the Guides, the Brownies and the Pathfinders is that they are a very courageous group who, in the middle of this freezing temperature, are off to Camp Adelaide, near Haliburton, for a camping venture. This is coming up on February 8, 9 and 10. Something always unexpected happens during these outings. We will check later to discover the highlights of the February 1985 camping venture.

Jim Miller writing from Alberta reports weather conditions that make our temperatures seem balmy by comparison. He mentions that the young people went carol singing during the Christmas season, visiting homes and lodges and traveling as far as fifty miles away. Winter fun includes parties in which a group goes from home to home to enjoy a meal that begins at the first house with cocktails and appetizers then on to the next for soup, to the third house for turkey dinner, and ending at another for dessert. This takes in about five hours.

Jim goes on to tell of a corner store at Gem where tables are set up in a section used by the men to gather there, drink coffee at the old-fashioned price of 10 cents a cup, and relate wild tales of the prairies. Many of these are made very exciting by the imagination of the teller. Just as our men love to spin tales about deer hunting so these Albertans repeat stories of badgers, who are tough little animals and very hard to kill and who are a great nuisance to the ranchers. Or else they tell great tales about a character called Nigger John Ware who is said to have arrived from Texas on a cattle drive. He is remembered for his good deeds and acts of kindness. Each generation adds something to his legend. Life is

busy and happy for the Millers in Alberta. There is a big fish derby coming up on Saturday, January 26 sponsored by the Royal Canadian Legion. The Legion Hall will be open for registration at 6 a.m. Weighing in will take place through the day. There are three nice prizes to be won. Your registration for the derby entitles you to admission to the dance which is being held in the evening. Let us hope that fine weather prevails and that the catch is good. Action takes place on Dark Lake, Grace Lake and Farquhar Lake.

Northern Lights

from page 8

they choose, or read or see their own choice of entertainment. Even if it sometimes seems that certain individuals are determined to try freedom of the press to the limit. The main problem with censorship is that as soon as a book or film is banned, people line up for miles to get a look at it. Besides, if censorship ran amok, soon, someone would be dictating everything we laid eyes on, and that's surely unacceptable. Gosh, they might even censor my column.

Anyway, I wish they'd bring back those oldies, but goodies. And at a reasonable hour. They have been showing some of them late, late at night. But, try as I may, I can't stay awake for them. I especially wanted to see "The Egg and I", with Fred McMurray and Claudette Colbert. It was one of my favourites. I saw it years ago on T.V. And I read the book a couple of times. (You don't suppose it had any influence on me).

NOTICE OF PUBLIC REVIEW

The public is invited to review and comment on the Forest Operating Plan (Draft) which has been prepared for the Crown Lands of the Leslie M. Frost Management Unit.

The above document will be on display and available for inspection at the Leslie M. Frost Natural Resources Centre between the hours of 8:30 a.m. and 4:30 p.m., Monday to Friday, January 23 to February 22, 1985.

Any comments concerning this plan should be submitted in writing to the Director, Leslie M. Frost Natural Resources Centre, Dorset, Ontario, P0A 1E0, on or before February 22, 1985.

Ladies curling in Wilberforce

A scarce six-ender highlighted the opening round of Tuesday night ladies curling that has returned to the Monmouth Curling Club in Wilberforce after an absence of four years.

Trailing 8 - 4, Joanne Olszewski's rink of Michelle Smith, Debbie Nicholson and Sharon Stoughton scored six on the eighth and final end to defeat Roberta Walsh 10 - 8. In the other matchup, Judy Hogan edged Sandy Smith 8 - 6.

In second round action, Judy Hogan walloped Roberta Walsh 11 - 3, and Joanne Olszewski defeated Sandy Smith 8 - 3.

In the Thursday night men's industrial league, second round results showed Elephant Lake Lodge downing Hogan's Harvesters 8 - 6, Wilberforce Golden Ponders over Martin Lumber 11 - 3 and Berning Construction demolishing the Legion 20 - 3.

In third round action, the Golden Ponders defeated Elephant Lake Lodge 10 - 2 while Barr's General outlasted Martin Lumber 10 - 8.	
In the mixed league, play has reached the third round robin with Fred Berning's rink having a comfortable lead in the "A" division but it's anybody's guess as to the eventual winner in either "B" or "C" divisions. Standings as of January 14th:	
"A" Division	Points
Fred Berning	118
Don Fevreau	107
Roger Hogan	94 1/2
Jack Watson	92 1/2
"B" Division	Points
Gary Lanigan	99 1/2
Clem Peters	96 1/2
Chuck Lindsay	85 1/2
Bill Smith	78 1/2
Mark Smith	60 1/2
"C" Division	Points
Dennis Fiddler	87
Ches Gadway	86
Dan Denault	81 1/2
Dave Nicholson	80
Roberta Walsh	68 1/2

lemmings.

Unlike most birds of prey, red-tails don't migrate. Instead, they 'stake out' a fallow field, roadside or other grassy verge where an abundance of mice and small rodents will sustain them through the winter.

Fluffed and stilled to conserve energy, they silently pass the winter by, hunched over feet and folded legs to insulated these, their heat-losers. From time to time they take to wing, soaring high above the fields. Like U-2 pilots, their gaze resolutely fixed below, they search for the tiniest movement.

There! Even from 100 feet the tiny flick of a mouse's head -- undetectable by you or I -- signals the prey immediately. Another mouse has wandered those treacherous tunnels from beneath the snow's protective mantle. Drifting lower and lower, the red-tail eases slowly into range. Then, with instantaneous, computer-like precision, the wings draw back, tail redirects, and the hawk pounces with outstretched talons. Sustenance captured, his lordship returns to the throne.

Thus, the red-tails - "tails" as they're called by birders -- pass the winter by, awaiting spring's warmth. Triggered by lengthening days and

abundant food will come redistribution, pairing and nest-building.

All-too-soon will come that furious period of nest-building, when thousands, upon thousands of sticks must be gathered and arranged into bulky, conspicuous nests.

Sparsely lined with bark shreds, these platforms will be placed high in either deciduous or coniferous towers. Here, protected from all but the most determined climbers, the 2-4 chicks will hatch, feed voraciously on all manner of shredded morsels, and fledge toward adulthood.

We're fortunate in having such an abundance of red-tails in Ontario year-round. They not only provide captivating viewing; they also play a key role in controlling rodent populations. With mouse populations, so also float red-tail numbers. Several adult mice consumed per day preclude literally thousands of progeny per year.

Wise indeed are the landowners who recognize red-tails' contribution to a healthy landscape. They'll be endowed, not only with a more stable and interesting wildlife system, but also with countless special moments; views of feeding; of stately poses; of young learning their way.

The next sentinel you see deserves a second thought.

Midgets hand Ops a 6 - 3 defeat Tuesday

Haliburton's OMHA Midgets handed Ops a 6 - 3 defeat last Tuesday as Tran LaRue and Glen Hall each scored two goals to pace the local squad.

John Burton opened the scoring for Haliburton at 2:01 of the first period, assisted by Corey McKnight and Paul Kuno.

Ops replied at 9:07 to tie the score, but Haliburton regained the lead with 3:42 left in the opening frame and never relinquished it. Hall got the go-ahead marker with help from LaRue.

With 59 seconds left on the clock, Hall got his second of the night, assisted this time by Tom McLeod and the local team was ahead by two.

Haliburton ran the score up to 4 - 1 at 8:23 of the second period as Tran LaRue notched the first of his two markers with help from Hall.

Ops replied with 3:21 left in the second frame, but Tom McLeod made it 5 - 2 for Haliburton with 35 seconds on the clock. Assisting on

the play was Paul Kuno.

In the third period Ops managed to narrow the gap to 5 - 3. LaRue scored an unassisted goal with 5:21 left to play, however, assuring an impressive win for Haliburton.

Scott Burke put in a solid performance between the pipes to help Haliburton stay ahead.

On January 8, Haliburton defeated Woodville 5 - 1, but no details of the game were available.

Haliburton will be the home team for a tournament in Minden this weekend in conjunction with the Kinsmen Winter Carnival. Playoffs are scheduled to get underway next week.

Restrictions govern traps

The Ontario government has passed a new regulation which further restricts the use of leg-hold traps and encourages more humane trapping of furbearing animals.

Under the new regulation, leg-hold traps may only be used on land as a live-holding device when used to trap foxes, coyotes, wolves, bobcats and lynxes. The regulation comes into effect May 15, 1985.

"With the passing of this latest provincial regulation, Ontario now possesses the most comprehensive humane trapping legislation anywhere in North America," said Natural Resources Minister Alan Pope.

The regulation, made under the authority of the Ontario Game and Fish Act, came about in response to suggestions made to the Ministry of Natural Resources by the Ontario Trappers' Association and the Canadian Trappers' Association.

Please turn to Page 16

Old timers play

Saturday afternoon at the Monmouth Arena, the Wilberforce Golden Ponders took it on the chin by a score of 9 - 5 at the hands of the visiting East Gwillimbury Old Timers Hockey Club.

The well-played, fast-paced game gave the Ponders good reason to look forward to an exciting rematch to be played in Newmarket in the near future. Ken Riley lead the locals with two goals, with singles going to Mark Riley, Bernard Hudder and Gary Lanigan.

Work underway on Jim Beef trail

By JIM MILNE

This report on the Jim Beef Trail is based largely on speculation but there is one hard fact. Work is still being carried out on the trail and therefore it has not been groomed throughout its entire length. Perhaps the section from the Lakeview Trail to the lunch shelter is groomed. The section from the Glebe Park loop westwards on the Jim Beef most probably is not.

The Ski Club would like to thank Mike Exall for his lessons on the telemark turn last Saturday. This technique is most suitable for open country free of brush and closely spaced trees. Where there is 5 cm. or more of powdery snow on a long hill it can be a satisfying technique with cross

country equipment. Those few members of the club who took the lessons didn't have the long hills but were impressed nonetheless.

There was a good turnout for the Ski Club's lunch on Sunday at the Blair lunch shelter. The weather was quite cold and you must keep moving to stay warm in those conditions. Your feet are often the first parts of your body to become chilled without the stamping and bending they get from vigorous skiing. It's hard to convince young children that cold feet can be warmed up again outside, and in some cases perhaps they can't without very considerable efforts. Many families cut short their outing last Sunday and this report on the Jim Beef Trail is incomplete also because of that cold weather.

Stanhope council minutes

from page 2

Elvin Johnson was appointed a representative from council on this board.

Council appointed the following as members of the Stanhope Airport Committee for the term ending December 31, 1985 or until a new committee is appointed: Louise Watson, Derek Rolfe, Gunter Wolm, Stan Moore; Ron Bacon, Pamela Rolfe, Paul Rolfe, Roger Wood. Dale MacDonald was appointed as council representative on this committee.

Jim Moore, Ann Barker, Jim Harrison and Dale MacDonald were appointed to the Stanhope Ontario Home Renewal Program committee for the period ending December 31, 1985.

Jim Harrison, Jim Moore, Bob Jennings and Neil Griffin were appointed to the Stanhope committee of adjustment for the term ending December 31, 1985 or until a new committee is appointed.

Council appointed the following as fire wardens for 1985: Gordon Martin, Robert Jennings, Don Barker, John Muise, Dale MacDonald and

James Moore. Donald Barker was appointed as chief fire warden. The following were appointed as fire permit issuers: James Moore, Robert Baker, Andy Broersma and Fred Chapple.

Council appointed John Barclay, Penny Gough, Anna Barry, David Stirrett, Mary Law, Dorothy Finch, Kurt Leuhman, Vern Boles, Joe Hughes and John Dron to the Stanhope recreation, parks and community centre committee for the term ending December 31, 1985 or until a new committee is appointed. Ann Barker and Dale MacDonald were appointed as council representatives on this committee.

Council appointed Norman Wallace, Marylene Welch, Isabel Gibbs, Claire Brown, Brenda McKinlay to the Stanhope library committee for the term ending December 31, 1985 or until a new committee is appointed. Elvin Johnson was appointed as council representative on this committee.

Jim Harrison and Gerald Bain were appointed as representatives on the Stan-

worth Housing Corporation from the township until December 31, 1985 or until new representatives are appointed.

Council appointed Jim Harrison to the property standards committee for a three-year period commencing January 1, 1985.

The clerk was authorized to forward \$1,000 to the Haliburton County Snowmobile Association to financially aid in the support costs for the winter works program as agreed to at an October, 1984 meeting.

Council acknowledged receipt of minutes of recreation, parks and community centres committee meeting held November 20, 1984.

Council took membership in Ontario Municipal Recreation Association for a fee of \$50.

Council petitioned the Ministry of Transportation and Communications for subsidy on 1984 road expenditures totalling \$242,681.35. These expenditures are made in accordance with the Public Transportation and Highway Improvement Act.

The clerk was authorized to forward the required registration convention fee to the Ontario Good Roads Association for the following persons: Harold Barjarow, Ann Barker and Dale MacDonald.

Council approved general accounts totalling \$20,569.63; road voucher #12 totalling \$31,319.70 and December, 1984 welfare totalling \$8,135.79.

By-law 85-1 to authorize the borrowings of monies by the township; By-law 85-2 to provide for the interim payment of taxes; By-law 85-3 to provide for interest and penalty charges to be added to tax arrears and non-payment of current taxes; By-law 85-4 to stop up, close and convey part of an original allowance for road; By-law 85-5 to stop up, close and convey part of an original allowance for road; By-law 85-6 to stop up, close and convey part of an original allowance for road were passed.

Norland News

By KELLY GRAHAM

Hi. I hope you all had a great week.

Congratulations to Sandy Yeo, of Coboconk, who recently won a logo design contest. Miss Yeo, a Grade 12 student at Fenelon Falls Secondary, designed a logo for the college community choir in Lindsay. The logo consists of a top hat and a wand spewing stars around the words College Community Choir. The design was selected over entries from LCVI and I.E. Weldon, the two Lindsay high schools. As a prize \$25 will be donated to the art department of FFSS.

For those of you who have been feeling trapped inside by howling winds and blowing snow, here's a great activity that sounds like a good way to get some fresh air and have a lot of fun. The Coboconk District Lions Club is having their annual sleigh ride on February 10. The ride starts at one o'clock at Balsam Lake Provincial Park. Free hot dogs and hot chocolate will be provided.

The Minden District Trappers Council will soon be holding their mid-winter workshop and general meeting. The meeting will feature fur handling demonstrations and fur handling contests. The meeting will be held on Sunday, February 10 at 10 a.m.

The students at most of our local public schools are presently preparing for the annual public speaking contest held in Coboconk every winter. When our Norland representatives are chosen I'll be sure to let you know.

The Senior Citizens euchre and bridge scores last week

were as follows, euchre, ladies, first: Sylvia Bowins, second: Alice Madill, consolation: Joan Bowins, men's first: Tony Kenneth, second: Tom Bowins, consolation, Burt Adams; bridge, first: Helen Gillies, second: Lili Smith, consolation: Grace Crapper.

Carnarvon News

By ANN McKAY

It was quite a shock to learn of the death of Mrs. Harold Mercer on Sunday morning. Marie and Harold were in Sault Ste. Marie where they had gone to be with her father who was hospitalized there, when Marie suffered a fatal heart attack. Our sympathies to the bereaved family.

Please keep in mind our annual roast beef dinner on Saturday, January 26. Tickets may be bought ahead of time or at the door, dinner served from 5 to 7. Come and enjoy a good dinner and friendly visit.

Saturday was a lucky day for fishermen at Matabanik on Lake Boskung when a 13-pound lake trout was caught and soon afterwards a couple of four pounders and a five pound one were also landed. Congratulations to the fishermen.

Congratulations to Mr. and Mrs. Philip O'Reilly who were united in marriage at St. Peter's Anglican Church at Maple Lake at 8 o'clock p.m. on Saturday followed by a reception at Loralee Lodge for relatives and close friends. A bridal shower was held for Susan the previous Saturday at the home of the groom's parents and a stag party was held at the home of

Mr. and Mrs. Bill O'Reilly Junior on the same night.

Congratulations to Mr. and Mrs. Colin Russell of Montreal on the birth of their daughter, Proud grandparents are Mr. and Mrs. Sinclair Russell.

Hal Burton accompanied Harold Archer to Trout Creek where they visited with Mrs. Harold Archer. Della is in a nursing home there.

Visiting with their parents on the weekend were Mr. and Mrs. Les Dennison of Toronto, Greg McKay of Oshawa, Ken McKay and son Michael of Toronto, Al Miscio of Hamilton, and Mr. and Mrs. Ken Farrell of Barrie.

WANTED

Male or Female. Age, Height,
Weight, Race Unimportant

Willing to raise money door to door for the Kidney Foundation of Canada. It could mean a lot to a lot of people. You might not want to do this and the guy next to you might not, but somebody will because somebody always does and just by chance that somebody might be you. Let's face it, I'm like you. My kidneys are in good shape. Knock on wood, I'll live long enough to hear my son ask for the car. But there's no guarantee my kidneys won't fail. There's no guarantee I won't someday be starting out at rush hour traffic from a hospital window knowing everyone's rushing some, where but me. And because there's no guarantee, I have to do something. That's why I raised money door to door last week. How about you? Want to?

BE A
KIDNEY
VOLUNTEER.
JUST
ONE HOUR
A NIGHT
FOR A WEEK.

CALL TOLL FREE 1-800-361-7494

IN MEMORIAM

BOWEN - In loving memory of a dear husband, father and grandfather, Harold Bowen, who passed away January 27, 1983.

Gone are the days we used to share. But in our hearts you were always there. The gates of memory will never close. We miss you more than anyone knows. With tender love and deep regret, We who loved you, will never forget.

Sadly missed by wife, Donna, sons Hayden and Rodney, daughter-in-law, Geraldine, grandchildren, Jason and Julie. 32-B-23

ROBERTS, Russel Lee - In loving memory of a dear husband, father and grandfather who passed away January 26, 1983.

It broke our hearts to lose you, But you didn't go alone, For part of us went with you. The day God called you home.

Always missed, always remembered by wife Millie and family. 32-P-23

TRIPP, Douglas - In loving memory of a dear son, who passed away January 24, 1983.

To know him was to love him. Both by family and friends. And the sweetness of his memory. Time can neither dim nor end.

Sadly missed and loved, Mom and Family. 32-P-23

SMITH - In loving memory of our dear son, Dale, who died as a result of an accident January 27, 1980.

God looked around his garden And found an empty space Then he looked down upon the earth And saw your young face. He put his arms around you And lifted you to rest. God's garden must be beautiful For he only takes the best. It broke our hearts to lose you But you did not go alone. For part of us went with you, Dale. The day God called you home.

Forever remembered and sadly missed by Mom, Dad, sisters, Laureen, Brenda Lynn and brother Carmen. 32-P-23

Bicroft council

At a meeting of Bicroft council on December 20, the following matters were considered:

Accounts totalling \$41,217.44 were passed for payment.

By-law No. 84-12, a by-law to govern the proceedings of council meetings, was passed.

The 1985 agreement with Eric Elliott for garbage collection was passed and the reeve and clerk were authorized to sign same on behalf of the township.

The 1985 lease agreement with Patricia Ray was entered into and the reeve was authorized to sign and place the corporate seal on it.

January 14, 1985 was designated as Local Government Day and residents were in-

vited to visit the Municipal Office and see how their municipality functions on a daily basis. Cardiff Public School was notified of the above with an invitation for the school children to attend.

Any surplus funds shown at the end of 1984 will be transferred to the water and sewer reserve fund.

The 1984 annual returns forwarded to the Ministry of Transportation and Communications for the remainder of the 1984 road subsidy.

Council met again December 30.

Dianne Stire was hired as custodian for the Township of Bicroft at a rate of \$6.44 per hour.

Business Tax for the years 1977 to 1980 plus interest in the amount of \$4,370.41 was written off on Concession 11, Part Lots 27 and 28, owned

by York River Industries pursuant to Section 496 of The Municipal Act, R.S.O. 1980 as amended. Water rates for the years 1978 to 1981 also were written off.

Council met again January 10.

By-law No. 85-1, a by-law to authorize the borrowing of

\$60,000 was passed.

Robert Covert was hired on a part-time basis as general labourer until such time as a full-time premium labourer is hired.

A Jonsred model 520 was purchased at a price of \$429 plus tax less trade-in allowance of \$100.

Bowling scores

The Daisies came up winners in the second series by one point over the Asters, 38 points to 37 points.

Forget-Me-Nots had 31 points; Roses, 29 points; Marigolds, 28 points and Petunias, 24 points.

Bowlers 200 and over were: Ev Stata - 203; Phyllis MacDuff, 208; Muriel Peters

212; Harry Henderson, 254; Audrey Fountain, 214, 216, 600 triple; Freida Handy, 236; Joan McKay, 234; Vi Cornish, 217; Mary Woodcock, 256, 622 triple; Sybil Hunt, 208, 225, 616 triple; Iris Meredith, 267; Lew Brown, 209, 252; June Hunter, 262, 234, 772 triple; Caryl Harrison, 211.

New regulations set

from page 12
ian Association for Humane Trapping.

The new regulation also requires that trappers south of the French and Mattawa rivers inspect their live-holding traps daily. One year later, this requirement will also apply in the area north of the French and Mattawa Rivers, and south of the most northerly east-west line of the Canadian National Rail-

way.

The regulation also controls the manner in which snares may be set on land and the use of certain body-gripping traps.

Pope praised the cooperation of the two groups that suggested the changes, and noted the widespread support in Ontario for humane trapping among trappers, the fur industry and the general public.

for municipal road subsidy as expressed in their brief to the Ontario Cabinet Committee on Resources Development dated November 1, 1984, and a copy of this resolution will be forwarded to The Treasurer of Ontario, The Secretary to The Ontario Cabinet and the Minister of Transportation and Communications.

A by-law to amend Township of Cardiff zoning By-law No. 9-79, as previously amended, with respect to Lots 31 and 32, Concession 9, was passed.

A by-law to authorize borrowing for the payment of current operating expenses, was passed.

A by-law to authorize the treasurer to strike taxes from the Collectors' Roll under authority of The Municipal Act, RSO 1980, Sec. 496(1) was passed.

A by-law to establish a trust fund for the purposes of the Ontario Home Renewal Program was passed.

A by-law under Sec. 56 of the Planning Act, S.O. 1983 with respect to Part Lot 24, Concession 6, Township of Cardiff, was passed.

Council was unable to approve snow plowing of William Hogan road until maintenance work is completed at the discretion of the road superintendent.

A by-law to authorize the acquisition of certain lands in Part of Lot 6, Concession 22, Township of Cardiff under

authority of the Municipal Act RSO 1980, Sec. 193(1) and (6), was passed.

A Mr. McKay was advised that the building permit issued was issued in error through a misunderstanding of correspondence received from the Ministry of Natural Resources and so was revoked.

Deputy reeve Ross Duncan responded to Peter Scott as follows:

Pecuniary interest under The Conflict of Interest Act is determined by members asking himself or herself "could I or my family or my business associates possibly stand to gain or lose anything from the consideration of this matter which could be measured in money".

There are exemptions, one of which is in common with electors generally or is remote and insignificant such as a membership in a large community service club.

Council adjourned to a committee of the whole session.

Council later resumed regular meeting.

The clerk was authorized to contact Greer Galloway and Associates to have them obtain a minimum of three cost estimates and proposals for an efficiency and time study of all municipal employees. A recorded vote was carried unanimously.

The next regular meeting of the Council of the Corporation of the Township of Cardiff, is scheduled to be

held in the council chambers on Friday, February 1, 1985 beginning at 7:30 p.m.

The agenda for said meeting will close for additions on Friday, January 25, 1985.

Question

from page 5

may lose their jobs. In other words the one child, one family program is kept in place by force. The reason for this limitation is obvious in that country which has such an enormous population. The choice is either one child per family or some people go hungry. There is no way that food, medical attention and educational facilities can be stretched to cover more people. With the family limitation the standard of living of the working people has improved.

It is interesting to speculate on what will happen in a communist country when these children grow up. Each child is the centre of attention in a family. Each child knows that he or she is important and undoubtedly each one has become used to a great deal of attention. What happens when the communist philosophy of "not for oneself but for the good of all" begins to dictate to some extent the kind of education and the kind of work that each person will do? It may be harder for these children to see themselves as a part of a large system after they have had their own way and special treatment at home. It is to the credit of the members of the All China Women's Federation that they are aware this problem may occur and have found a study group to discuss solutions.

In Canada we cannot imagine such a lack of freedom of choice in that most sacrosanct part of our society -- the family. Yet there is something admirable about a nation which has managed to feed its enormous numbers of people; a nation where there is no such thing as unemployment and all children are of prime importance.

Wells drilled

poor farmers are still quite vital. Other specific self-help village projects are currently under the HAVE committee's consideration.

Although rural India is experiencing real progress in road connections, electrification, and mass media communications, the resulting increase of big industries (including agribusinesses) seem to be having some adverse effect on village life. Apart from serious pollution problems and the deterioration and lack of cottage type industries, many persons, who are unable to make a living off the land and their villages, have to find work (often under unsatisfactory conditions) in industrial plants or in seasonal work for large landholders. Many others migrate to urban slums in the hope of improving their living or merely surviving.

Through government policy many landless villagers in India are getting small parcels of land. In order to cultivate, irrigate and learn new farming techniques, they need often a little assistance to get them started. For many villagers the terms of money lenders are far too expensive and risky. Much help is required, too, too support existing programs (with others to begin) in health, education and occupations, to improve vastly the lives of the village poor.
